Sept. 14th., 1917.

Re /

Sir,

Hosea E. Curley made application on the 4th of February and again on the 18th of February to have an extra allowance made on the amount of his contract for moving the old No. 5 school building, because it cost him $62.85 more than the contract price. The Council refused his application on both occasions. At Curley's request I enclose the itemized account of disbursements. It may be true that he paid out this amount but it has been stated that the work could have been done for less than that sum but Curley is obstinate. I beg to recommend that the Council's decision be approved.

months ago I secured a
contract from the Six Nations Council for
$ 110.00 to move No 5 School to Sour Spring
anything about time to do it I figured
on doing it in good weather with an
engine Right after I got the contact
Jamieson Inspector of roads told me
must do it at once thus changing the specifications
I waited it but before going for the weather
got bad and one engine would not take
further I was going to loan it for good weather
but would think it not to go on till a man
they would see that I got
another engine at 1.50 an hour and on account
of the weather and roads and second engine my
account ran up to me $172.00. Now I cannot get
more than $110.00. Now is a block sometimes
In good weather as I figured I would have
come out all right with one engine. The
Inspector changed the specifications after
the job by compelling me to
[illegible]
bill at $ 1
Firing and all
110.00) = $ 62.70 owing
[illegible]
account of bad roads and weather to hire an
second engine. I hope you will see they are fair
Yours truly. Geo. E. Hunter

File No. 154 841-5.

Indian Office, Brantford,

May 12th., 1915.

Sir,-

In reply to your letter of the 8th ultimo I beg to state that Mr. Augustus Jamieson inspector of works has reported to me in reference to the claims made by George E. Curley . In the first place Mr. Curley is wrong in stating that no time was specified for doing the work. The specifications which are now before me state that the work was to be completed within thirty days from the 15th of January being the date when the tender was awarded to Curley by the Council . Mr. Jamieson did not interfere in any way as the work progressed and did not change the specifications at any time. I am quite satisfied that the statement given to me by Mr. Jamieson is according to facts.

I

Ottawa, May 29, 1915.

Sir,-

Referring to your letter of April 2nd, last, and the Department's reply thereto of the 6th of that month I beg to say that Mr. Superintendent Smith advises the Department that the specifications called for this work to be done within thirty days from the 19th of January, the date on which you were awarded the contract. There was not, therefore, any change made in the specifications by the Inspector and the Department cannot ask the Council to consider the payment to you of $52.70 extra on the contract price.

Extract

Original on 15487-5, 4550

Report of Inspector T.W.Standing on No.3 School, Six Nations.

The windows should be provided with shades and a cupboard to hold the books and other eqbipment is urgently needed. T

The back entrance hall in this and the other new schools should have window, It is absolutely dark when both doors are shut.

The boys' closet is in bad condition, the seat being completely broken down. A new one should be built.

Perhaps the new one might be built for the girls at the back of the woodshed and the one the girls have now be given to the boys. There should be a close board fence to separate them.

File No. 7824/24

Indian Office Brantford,

February 15th. 1916.

Sir,

I beg to enclose the account of Thomas J. Thomas for the sum of $270.76 being for walks laid down at Schools Nos. 3, 7 and 8 and outbuildings at No. 3 School, and to ask that cheque issue in payment.

The account is certified correct by the Trustees in charge of said Schools.

Sir,

Your obedient servant,

Charles. McGibbon,

Acting Supt and Inspector.

The Secretary,

Ottawa, February 23rd., 1916.

[redacted],-

I am in receipt of your letter of the 15th instant, with which you forwarded a voucher rendered at $270.76 in favor of Mr. Thos. J. Thomas for walks laid down at schools Nos. 3, 7 and 8 and for the construction of out-buildings at School No. 3; and in reply I return the account herewith in order that it may be amended so as to show the time Mr. Thomas was employed in doing the work and the rate charged by the day for his services. The voucher should also show the quantity of nails and spikes used. If Mr. Thomas paid for the teaming receipts for payments made should be attached to the voucher. The date of official letter authorizing this expenditure should be shown on the face of the voucher. The Department should also be advised as to whether the work was let by contract and whether any [redacted] persons tendered for the same.

Your obedient servant,

Asst. Deputy and Secretary.

Ottawa, 18th March, 1916.

Sir:-

I am in receipt of your letter of the 13th instant, returning the voucher amounting to $270.76 in favour of Thomas J. Thomas for walks laid down for schools, number, 3,7 and 8 and for the construction of outbuildings for school No. 3; and in reply I beg to say that before the question of the payment of the said vouchers can be considered it will be necessary for a resolution in the matter to be passed by the Six Nations Council, copy of which resolution should be forwarded to the Department.

I have to inform you that in future when it is proposed to arrange to have work done by contract the matter should be submitted to the Department for approval before action is taken. It does not meet requirements for the case to be laid before the school trustees as their authority

Council House
Feb. 15, 1922.

Minutes of Council Meeting.

566434

No-18.

The Council decided to take back the house now occupied by F.J. Isaacs and to have the same removed to No. 3 school to be used as an overflow school. Indians to be given the preference in removing this building. Chief Andrew Staats is appointed to see that this plan is carried out.

Andrew Staats,
Speaker, S.T.C.

Asa L. Hill,
Sec'y, S.N.O.

Indian Office, Brantford,
Feb. 22, 1922.

Sir,-

No-18.

In order to relieve the overcrowding of No. 2 School, the Council decided to take back from Freeman Isaacs the old No. 3 School building replace in on no 3 grounds near the present school and use it as a junior class room. Chief Andrew Staats as appointed to carry out the removal. I beg to recommend your approval of this decision.

Gordon J. Smith,
Superintendent.

OTTAWA, February 25th, 1922.

Sir, -

Referring to Resolution No. 18 of the Minutes of the Six Nations Council Meeting, held on the 15th instant, relative to the overcrowding of the No. 3 school, the Department will approve of this resolution to take back and fit up the old No. 3 school building and replace it on the grounds near the present school to be used as a junior classroom. It is noted that steps have been taken to carry out this arrangement.

I will be pleased if you will state the probable cost of removing this building and fitting it up for classroom [illegible] services of another teacher, the salary to be paid should also be stated.

Your obedient servant,

Supt. of Indian Education.

Ottawa, April 6, 1922.

Sir,-

In connection with the resolution of the Six Nations Council, passed on the 23rd ultimo, with reference to the old No. 3 school-house which was sold to Freeman J. Isaacs, in 1917, and on which he failed to make any payment, thus resulting in the action taken by the Council at its meeting of February 15th, when it was decided to make use of this building as a junior class room, I beg to ask what provision is being made for the junior class if Isaacs is left in possession of the house. If the matter can be satisfactorily adjusted the Department approves of Isaacs being left in possession of the house on the expressed condition that payment therefore be made of the sum of $350.00, in full of interest and principal, on or before the 1st October, 1922.

BRANTFORD, March 10, 1941.

A. A. Mowy, Esq.,
Superintendent Welfare & Training,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Canada.

In reply to your 32-3-5 of the 3rd instant you are advised that as the building of the addition to No.3 School was delayed considerably, finally in the rush when building and painting commenced and as work on the old and new buildings ran together, this office completely overlooked your instructions. This is greatly regretted, and certainly was not realised until receiving your recent letter.

Yours truly,

E. P. Randle

Major E. P. Randle, Indian Superintendent.

I attach account amounting to $77.22 covering the cost of paint, varnish and shellac required at the Six Nations No. 3 School. The Agent considered it necessary to do this work when Indian labour was available and consequently authority was granted for the local purchase of the material required so that the work might be completed at once.

It would be appreciated if you would issue purchase order so that the account may be paid.

Sir:

Last winter this office had some difficulty getting the old portion of No.3 School heated suffi- in the really cold weather by the furnace which was in when the addition was built.

It is considered here that by placing storm windows on the South and West windows of the old building, the difficulty may be overcome, so this office would please request authority to carry this out.

This would require 8 large and 4 small storm windows and these can be made, painted and fitted by an Indian carpenter at a total cost of $65.00

Yours truly,

E. P. Ruddle

Sir:

The attention of this office has been drawn to the fact that our Voucher No.965 for $40.30 payable to the Treasurer of Haldimand County, has not been paid.

This voucher was forwarded to you with our IOB-719 dated March 26th, 1941 and was for the use of the Haldimand County tractor and scraper at No.3 School.

Anything you can do to clear up this matter will be greatly appreciated.

Yours truly,

E. P. Randle

PLEASE QUOTE
FILE 127 (32)

This office would recommend the following work be carried out at the above schools during the holiday season.

School No.3 (two rooms) - Painting inside and outside, including outbuildings and fences.
Estimated cost - labour $500.00
paint etc. 180.00

School No.10 (one room) - Painting inside only.
Estimated cost - labour 100.00
paint etc. 45.00

While the remainder of the schools are mostly in a good general condition, some will require minor repairs to buildings, fences, and roofs. Some eavestroughing is necessary, and a certain amount of stone to build up side-walks.
Estimated cost - labour 150.00
material 100.00

If this work can be approved your early reply will be appreciated, in order we can obtain workmen who are none too plentiful, in view of other Departmental work proceeding, - and may an accountable cheque please be forwarded to pay wages.

E. P. Randle.

Lt.-Col.E.P.Randle,

, June 26, 1948.

Lt. Colonel E.P. Randle, Indian Superintendent,
Brantford, Ontario.

With reference to your letter

for the Six Nations Schools mentioned in your communication.

We are also approving an expenditure required for materials amounting to $345.00. It is presumed that when accounting for the advance for the labour and for the material, you will forward a separate voucher for each school.

Cheweken Council House,

July 1st. 1909.

Secty authorized to communicate.

The Council decided to authorize the Secretary to communicate with Mr.Gordon J. Smith, Visiting Superintendent, and inform him that the drilling for a well at the new School site near the River is cancelled because there is a living spring near by and a drilled well is not required, and therefore Mr. Supt Smith is to infrom Mr. Mathew Jones, who has the contract for these wells, that as the School site has been changed it is not required on the new site.

[illegible]/I

Sir,—

Ibeg to acknowledge the receipt of your letter dated Brantford Dec.21st.1903, notifying this Department that the Council of the Six Nations Band had after considering the tenders received for the building of school at Elliotts Corners, accepted the tender of John Russell and Austin Groves of $2387. (Two thousands threehundreds and eighty seven) for the doing of the work.

The department confirms the acceptance of the tender of Messrs John Russell and Austin Groves for the building of this school and have prepared forms of contract in duplicate to be signed by the contractors, and which are enclosed herein.

It will be necessary for the contractors to find [illegible] (each) for the full amount of the contract to ensure its due fulfillment providing the contractors fail to do so.

The forms of bond you will be good enough to have executed together with the contract and forwarded to the department at as early date as possible.

Your obedient servant.

Ottawa, February 19, 1909.

Secp.

The Six Nation Council called for tenders for drilling wells at Schools Nos. 1, 8 and 10 and at the new school site at Elliott's Corners. As it is absolutely necessary that wholesome drinking water should be supplied, there was no alternative but to sink wells, as water for drinking purposes was formerly taken from creeks and sloughs or neighbors' wells.

Two tenders were received, one from Elmer Senn for $1.65 a foot and the other from M.J. Jones for $1.60 a foot, both to include casing. The Agent recommends that the lower tender be accepted and I would recommend that an Secp. to Council accepting Mr. Jones's tender be prepared.

999

Indian Office Brantford,

February 19th, 1900.

File No. 335838/I.

Since receiving your letter of the 28th. ultimo, approving of the tender of Messrs John Russell and Austin Groves for the building of a School at Elliott's corner for $2387.00, Mr Russell called and informed me that his partner had made a mistake in figuring on the contract. He figured on a nine inch instead of a 13 inch wall. The contractors find that they cannot do the work at the figure above quoted. If $300.00 is added to the $2387.00 Mr Russell says that they will be able to do the work. With the $300.00 added their figures would still be the lowest.

I beg to recommend that the Contract at the increased rate be awarded to Messrs Russell & Groves.

Sir,

Your obedient servant,

Ottawa, March 11, 1909.

Memorandum:-

for the Deputy Minister.

Messrs John Russell and Austin Groves who were awarded the contract for the building of a school at Elliott's Corners, Six Nation reserve, claim that they have made an error of three hundred dollars in their estimate, having figured the brick walls of building as 9" instead of 13½" in thickness, and for this reason cannot complete the building at the contract price without loss to themselves. They are however, willing to make a contract providing the additional($300.00) three hundred dollars is allowed them.

The Indian Superintendent Mr. Gordon J. Smith, recommends that this be allowed.

The contract at the enhanced figure is still below the Department's approximate estimate, and lower than any other tender received for the doing of the work.

Ottawa, 14th March, 1903.

With reference to your letter of 12th ultimo, stating that Messrs. Russell and Graven find that they cannot proceed with the erection of the school-house at Elliott's Corners for the amount of their tender, namely, $2,387.00, owing to having made their calculations on the basis of a 9 in. instead of a 13½ in. wall, but that they will do the work for an additional $200, I have to request that you will bring the matter before the band council at its next meeting and have them pass a resolution in favour of granting the sum of $2,587.00 from their capital account for the work referred to. A copy of the resolution should be forwarded to the Department. The matter will then be submitted to the Governor in Council for approval. As this will necessitate delay, it would be as well for you to advise Messrs. Russell and Graves how the matter stands.

Your obedient servant,

Assist. Deputy Supt. General of Indian Affairs.

Gordon J. Smith

Supt.

Indian Affairs

Indian Office, Brantford,

April 23rd., 1909.

INDIANS

Sir,- File No. 355 62-1.

No. 4.

In accordance with the instructions contained in your letter of the 12th of March I placed the question of Russell & Graves' contract before the Council, but before doing so I advised Mr. Russell of the matter and he said the extra amount which he would require would be $350.00 instead of $300.. The Council found that adding $350. to the amount of Russell & Graves' tender would make it higher than the lxxx tender of Thomas J. Thomas who asked $2734. so the Council decided to award the contract to Thomas J. Thomas for $2734. I do not think Mr. Thomas has had enough experience to put up a building of this sort and he will no doubt have to sublet nearly all the work. Another thing is that I doubt that if he will be able to furnish the security required from the Department, and would prefer Russell Thomas if necessary. I am

Sir

Your obedient Servant,

Secretary-

Ottawa, May 5, 1900.

I beg to acknowledge the receipt of your letter dated Brantford, April 23, referring to the contract of Russell & Graves for the building of Six Nation School, and to say in reply that as the Indian Council has accepted the tender of Thomas J. Thomas, it will be necessary for him to provide the names of two responsible sureties who will sign bonds each for the amount of the contract. You will send these to the Departmentfor consideration as soon as possible with any information which you may consider necessary in connection with the standing and reliability of the men who are offered as bondsmen, and your recommendation in connection therewith.

Providin: that you are of the opinion that the bonds offered by Thomas are insufficient and that he is unable to provide satisfactory sureties, it might facilitate matters if you were to forward also the names of bondsmen for Russell & Graves, which would be considered providing Thomas' is not accentable to the Department, and thereby save considerable time, as the building should now be under construction.

Your obedient servant,

[illegible]

In reply to your letter of the 26th inst. I beg to state that Thomas Thomas to whom the tender forthe school was awarded has delayed in providing the required security ~~and he~~ has not yet given the security. Early last week I informed Mr. John Russell and he promised to bring in his security but has not done so. I think he is having some difficulty in getting it, however I will urge him to close the matter at once.

Sir,-

Mr. T. J. Thomas has requested to me to write you in reference to a certain contract for building a School- House on the Reserve of the Six Nation Indians, about two miles north east from Elliott's Corners. It seems that Mr. Elliott tendered for the building of this school house for $2754.00 and his tender was accepted and approved of by you and that he went to Brantford to sign the contract having his sureties with him but the plan and specifications had been mislaid and they were unable to complete same on that account. After this, the Council decided to change the location of the building and asked Mr. Thomas if he would accept the contract at his price which he had originally tendered. As there had been so great delay through no fault of Mr. Thomas he then said he would not and they passed a resolution asking for new tenders. Since then Mr. Thomas has reconsidered the matter and decided that he would sign the contract for the price which he tendered in the first place($2754.00) and furnish the necessary security for same and build it at the new site provided he was awarded the contract at once. As this delay has in no way been the fault of Mr. Thomas and as he

File No. 335888-1.

No's. 21 & 30.

The Council on the 8th inst. decided to change the site of the new school from Elliott's Corners to lot 42, River Range, because the change will place the school just across the river from where the Onondaga children live, and it will be quite convenient for them to cross the river by boat to attend the school. The children referred to are those who have been turned out of the white school, in the Township of Onondaga. I beg to recommend that this decision be approved.

Ottawa, July 6, 1909.

Memorandum.

Mr. Scott.

To School-house at Elliott's Corners.

Accompanied by Mr. Superintendent Smith, I visited Cheweken on Friday, June 25th. After a short call at the Cheweken school we proceeded to the Thomas school, in which section it is proposed to erect the new school-house. I had with me a blue print of the reserve, showing the theoretical boundaries of the section and on this I had the teacher, Mr. Miller, show me as near as possible the locations from which there are children attending the school (Blue print herewith).

An examination of this plan will, I think, show the Department that an expensive building of the kind proposed is not required in this section and what is needed is a readjustment of the sections on the reserve. Again, it was proposed to change the site to a part of the reserve on which there are no locatees, in order to provide accommodation for a very few children in Onondaga Tp., whose parents have refused to send them across the river. The absurdity of erecting a $3000 building on such conditions is apparent. If a school is to be built, it should be central and a much more modest structure will suffice.

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

There was a meeting of the Six Nation School Board at Brantford on Monday , the 28th ult., at which I was by request present. This and the Onondaga matter were the principal subjects of discussion. The Supt., who is Chairman of the Board, and who was aware of my personal opin'on with reference to the Elliott's Corner school, made a suggestion that the question of building be left over for the present. After some discussion this was unanimously agreed to and the motion also carried with it provision to have the whole matter of school accommodation on the reserve looked into carefully by a committee and reported upon.

The bulk of settlement is on the southern portion of the reserve and I understand that there are two sections here, Nos. 3 and 7, in either ofwhich an expensive school building would be more appropriate and is much more needed. The present Thomas' school building is certainly in a bad condition, but if a new building were erected, say in No. 3, the old building there might possibly be moved to the Thomas' school section and placed in a central location.

The whole question of readjustment of sections and sites on the reserve is worthy of special consideration, which I am sure it will receive at the hands of the Board and Council. In this connection the matter of centralization of schools may come up. Some are of opinion that larger schools, centrally located, are preferable to smaller ones accommodating correspondingly small districts. This was incidentally touched upon at the Board meeting. We have the experience of the

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Vankleek Consolidated school at Guelph, the only one in Ontario, to guide us. I was unable to see the Chairman of the Board of that school when in Guelph, as he was absent, but, so far as I was able to learn, the scheme has not been an unqualified success, ~~but~~ should the Department at any time wish information with regard to this school, I am sure that the Public School Inspector, Major Craig, M.P.P. would be glad to furnish any details.

At the present time many from outside the district attend the Ohsweken school. Mr. Clarke, the senior teacher, is very successful in his work and in the case of the Thomas' school any pupils wishing to take up work in the higher classes go to Ohsweken, if possible.

So far as I see, therefore, there is nothing for the Department to do but await further action by the Board and Council, and I hope the Department will see its way to approve the action taken by the Board at its last meeting, when the minutes of the same are received.

August 7th 1909.

Sir:

I beg to report the minutes of the General Council held on the 3rd & 4th inst.

No.

No. 12

The Council adopted the Board's recommendation to build a school at Capstan's corner not to exceed $1,000. The Board recommended that the frame building belonging to the late Joshua Williams be moved to the site of the new school and fitted up for a school, but the Council decided to build a new school. It was considered that a frame building to be heated by stoves would answer the purpose and could be built for not more than $1,000.

ORIGINAL ON

Onoweken Council House

March 10th, 1910.

The Council decided to permit Rev. A. E. Farnie state to the Council the message he got from the Visiting Supt. Mr. Smith.

Mr. Farnie then came forward and stated the message he received through the phone from the Visiting Supt. Smith regarding the two new School houses to be built this year. It is the desire of the Department that the contracts should be let in as little delay as possible so that the work may be started as soon as possible.

The Council after careful consideration [illegible]

the season for hauling heavy materials for these schools houses is past and that No. 3 School Section have a School House which serves the purpose up to the present time and is good enough to serve the purpose which is required for some time yet and so it was decided to abandon the Idea of building a new School House for No. 3 at present.

2. The Council decided to build a new School House on Wm Captons corner because this is very urgent as there is no school house in this section of the Reserve and where the children living in Onondaga portion of the reserve could come over the river on ferry boat and attend with safety and the cost not to exceed $1200.00

www.collectionscanada.gc.ca

Ottawa, April 1st, 1910.

Sir,

Referring to official letter of the 16th ultimo and previous correspondence in regard to the erection of a new school-house at Elliotts Corners on the Six Nation Reserve I beg to say that the Department is of opinion that this work might be undertaken by the Six Nation Council under the supervision of yourself and Mr. A. Jamieson, Inspector of Works. The size mentioned, 20 by 24 feet without cloak room, will provide sufficient floor space for 25 or 30 pupils, and the ceiling should be at least 12 feet high.

The latest plans for public school buildings bring the light from the rear and left hand side of the pupils, and this idea should be carried out.

You will be good enough, therefore, to ask Mr. Jamieson, who is quite familiar with conditions in that locality, to prepare a sketch plan with specifications such as he considers necessary to call for tenders. These plans and specifications should then be submitted to the Department for its approval.

Your obedient servant,

Secretary.

Gordon J. Smith, Esq.,

The Council on the 5th inst. opened tenders for the erection of a new school at Canton's corner as follows:-

Thomas J. Thomas	$1184.00
John Russell	1780.00
Robert Martin	1187.00

I beg to recommend that the council's decision accepting the tender of Thomas J. Thomas be approved. I enclose the plans and specifications and also the tenders.

Ottawa, 26th July, 1910.

His Excellency in Council.

The undersigned has to report that, a new school-house being required at Caughnawaga, on the Six Nations Indian reserve, tenders were invited for the construction of the same, and a resolution has been passed by the band in favour of the acceptance of the lowest, the amount to be charged to their capital. The following tenders were received,-

John Jamieson, Brantford, Ont., for $1,700.00.
Robert Martin, Tuscarora, " " 1,487.00
Thomas J. Thomas, Caughnawaga," " 1,196.00.

As the provisions of section 69 of the Indian Act (requiring that the work shall be in the nature of a permanent improvement and that the consent of the band shall have been obtained for the expenditure being made from their capital) have been complied with, the undersigned would recommend that, under subsection 2 of section 78 of the Public Works Act, the contract for the said work be awarded to Thomas J. Jamieson - the lowest tenderer - for the amount of his tender, viz:- $1,196.00, the same to be charged to the capital of the Council of the Six Nations band, which amounts to $997,238.00.

Ottawa, July 29, 1910.

Deputy Superintendent General.

Referring to Mr. Calvin's memorandum I think that improvements should be made to install a system of ventilation in the new school-house on the Six Nations Reserve. A grant in which to store fuel and to effect will also be needed and I would recommend that the Six Nations Council be asked to vote a further sum of $200.00 for this and other contingencies that may arise on the understanding that any unexpended balance will be retained to their credit. Mr. Calvin might also be asked to prepare specifications which can be sent to the builders inviting tenders so that a price may be obtained for the work [illegible].

Indian Affairs. (RG 10, Volume 6224, file 485-5, part 1)

ARCHIVES ARCHIVES PUBLIQUES

I have to acknowledge the receipt of your letter of the 26th instant asking the Department of the opinion of the Education Council to assent the tender of Thomas J. Thomas to erect the school building at Lawson's Corners.

In reply I beg to say that the action of the Council has been submitted to His Excellency the Governor-in-Council for approval and to obtain the necessary authority to expend the sum of $1104.00 from the capital funds of the band. Upon said approval you will be notified

The plans and specifications for this new building meet with general approval by the Department, but it is not stated they are lacking. No ventilation is provided for. This, however, can be arranged for while the building is under construction and the cost should not exceed $100.00. Closets and a woodshed or coal room will also have to be erected and the Department thinks it would be [illegible] as a further step, and $ 50.00, from their capital funds for this and other contingencies. Any [illegible] claims will be replaced to their credit upon the completion of the building.

You will be good enough to submit this matter to the Council at the first opportunity.

Indian Office, Penticton,
August 6th., 1910.

Sir,- File No. 355883-52.
No. 3 A 4.

In reference to your communication of 28th July last I beg to say that I laid it before the council on the 2nd. inst. and they voted the extra sum of $200.00 for extras as suggested by you. They also decided definitely the location on which the school is to be erected namely on the south west corner of River Range No. 47, Tuncerora ; the school will therefore be on the North side of the road and for that reason the plans may have to be amended as the Inspector thought the building was to be on the south side.

Intubating Blue and Chimney
of Thomas Schaad
by Katrin Sue Rao

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Specification of ventilating flue and chimney for the Thomas School, Captains Corners, Six Nations Indian Reserve, Ont.

Excavation

Excavate to additional depth, shown on section drawing for foundation of chimney and ventilating flue. The footing course to be 8" thick and extending 8" beyond walls above. The footing to be a solid base full size of flue and on solid and level ground so as to prevent settlement. The wall of flue shown in cement to be 12" in thickness. All to be built up as described for walls in specifications for buildings prepared by H. Jamieson, Esq., Building Inspector for the Reserve.

Brick Work

From the bottom of the ground floor joist, build [illegible] size and form shown of a good quality hard burned [illegible] mortar, carried up above roof [illegible] The portion showing above roof [illegible] in cement mortar.

The chimney stack will be of 9" vitrified salt glazed tile, carefully and strongly anchored to brick work, and supported on iron bars as shown on section drawing and having T connections for smoke pipe and [illegible] as shown with galvanized iron stopping [illegible].

[illegible] and ventilated hood [illegible] Register 18" X 27", or provided [illegible] readily obtained one containing [illegible] superficial area may be substituted.

PUBLIC ARCHIVES

Talbot 235,883/E

Ottawa, 26th August, 1910.

To Treasury in Council.

The undersigned has to state that a resolution has been passed by the Six Nations council in favour of an expenditure up to $300.00 being made from their capital to cover the cost of certain extras - including a system of ventilation and the erection of closets and a wood-shed or fuel room - required in connection with the new school-house at Ceplain's corners, on the Six Nations Indian reserve, in the province of Ontario.

As the extras referred to could then completed be in the nature of permanent improvements, the undersigned begs to recommend that, under the provisions of section 90 of the Indian Act, the authority of Your Treasury in Council be given for the expenditure thereon of the sum of $300 from the capital of the funds of the Six Nations Indian, which amounts to $307,000.00.

[illegible] copy of a Minute of the Honourable the Privy Council, approved by His Excellency the Governor General on the 15th September 1910

:0:

On a Memorandum dated June, August, 1910, from Superintendent General of Indian Affairs stating that a resolution has been passed by the Six Nations Council in favour of an expenditure up to $250.00 being made from their capital to cover the cost of certain extras - including a system of ventilation and the erection of closets and a wood-shed or fuel room - required in connection with the new school-houses at Captain's Corners, on the Six Nations Indian reserve, in the province of Ontario.

The Minister recommends, - as the extras referred to would when completed be in the nature of permanent improvements, - that under the provisions of Section 90 of the Indian Act, authority be given for the expenditure thereof of the sum of $250.00 from the capital at the credit of the Six Nations Indians, which amounts to $357,000.

The Committee submit the same for approval.

File No. 335886/5.

In reply to your letter of the 21st. inst. in reference to the installation of a ventilation system at No. 4 school, I beg to advise you that I have on several occasions notified both the contractor Mr. Thomas J. Thomas and the Inspector Mr. Jamieson to furnish me with an estimate of the cost. Mr. Jamieson informs me that Thomas is not able to figure out the cost as he has not had enough experience in this kind of work, but he expects to get it from Thomas when the chimney is built. Mr. Jamieson also told me that in his opinion the ventilating shaft is altogether too large for the size of the building and takes away considerable space of the black board space on the wall. I have written again to the contractor in reference to the matter . The building is almost completed except the brick work in the chimney.

Sir,- File No. 35663-5.

I beg to enclose an estimate for the building of the ventilating shaft furnished me by Thomas J. Thomas the contractor amounting to $183.33, this includes the cost of the whole chimney in which the shaft is.

In regard to ventilation I was called upon this morning by Mr. E. N. Moyer of the E.N.Moyer & Co.,Ltd. who are the manufacturers of the Smith System of ventilating. The cost of this system which includes heating is from $145.00 upwards according to the size of the room and from the description furnished me I think it is a good system.

The Inspector of Works has purchased a stove for this new school costing $20.00 and the galvanized jacket to go around it will cost about $65.00 which amounts nearly to the cost of the Smith system.

I am going to lay this ventilating system before the School Board which meets on Thursday of this week.

Council House,

[illegible] 4th, 1911.

The Council of the Six Nations opened in due form by Chief Levi John one of the Five Keepers.

In the matter of a communication from M.W.Nelles re No. 4 School plot in which he threatens to take proceedings for an arbitration if the matter is not settled at once.

The Council after much discussion decided that no arbitration be made but pay Mrs. Julia Capton $50.00 for the School site without prejudice which the Council consider a high valuation for unimproved land, and would ask the Department to reflect on the serious consequences likely to follow if they should encourage our people to make unreasonable demands for lands expropriated for public use, the Council claim that lands are the common property of the Six Nations and object to an innovation to supercede a long established custom which will only provide a wide field for exploitation to lawyers etc. which the Council considers would be of no benefit to the Six Nations.

The Council then adjourned until tomorrow morning at 10 o'clock.

I hereby certify that the above is a true copy from my minute book.

Ottawa, July 12th, 1916.

Sir,—

Your Departmental Agricultural Representative, Mr. A. F. Abraham, recently visited the Six Nations Re. A school.

He recommends that a number of trees near the school on the south side be cut down so that the children would have a suitable playground.

He, also, recommends that a number of the trees on the north side near the land, already cleared, be cut down and that the pupils be encouraged to cultivate a school garden in the said space, thus cleared, next year.

You will be good enough to bring this matter to the attention of the School Board.

Your obedient servant,

Assistant Deputy and Secretary.

Ottawa, June 30th, 1926.

Sir:

Mr. Inspector Standing, in a report on his inspection of the No. 4 school on the Six Nations' Reserve, states that the closets are in a very bad condition, and he is of the opinion that this can hardly be overcome by repairs. He recommends that new closets be constructed - especially in this instance as [illegible] of the closet for the boys.

If it is considered that new closets should be erected, the work can be carried out at the time the repairs are being made to the [illegible] as per our letters of June 2nd and 29th.

Your obedient servant,

A.D. McLean

J. D. Nelson,
Asst. Deputy and Secretary.

DEPARTMENT OF INDIAN AFFAIRS

Sir,

rtment of Indian Affairs,

Ottawa.

Dear Sir:

I am in receipt of your letter of the 27th ultimo with reference to single school desks for No. 4 School. I wish to state in reply that I have not called for tenders for the supplying of these desks. The number of desks required and the sizes are as follows:--

15	large	1 backs
15	medium	2 "
15	small	3 "

I have included in the above the desks required for No. 11 School. The last purchase of desks for the schools on the Reserve where from the Globe Manufacturing Company, Preston. The desks that where in use at the No. 4 School where purchased from Smart Manufacturing Company, Brockville.

REQUISITION.

x x x

Nos. 14 & 15.

Last month during severe weather the furnace of the school did not heat the Junior Department and it was necessary to adjourn the school. Chief J. S. Johnson reported the matter to me and I advised him to have a stove placed in the room. In the meantime I notified Messrs. Turnbull, Howard & Co. who supplied the furnace for the school and they sent a man to examine the same. He found that some casting was broken and had to be replaced. The Chiefs are under the impression from the experience of the past two years that the furnace will not heat the Junior Department, particularly when the weather is from the Southwest and therefore they decided to retain the stove so the same can be there for use if required.

I am, Sir,

Your obedient servant,

E. D. Cameron, Supt.

The Secretary,

Dept. of Indian Affairs,

Brantford,
June 29th., 1914.

I beg to enclose tenders for the building of No. 5 School the lowest tender that of Thomas J. Thomas amounting to $1934.00 was accepted. I also enclose the tender of Robert Martin for building NoI 11 School at $2250.00. Mr. T.J. Thomas also tendered for this school but as he was awarded No. 5 he withdrew his tender for No. 11. I beg to recommend that these two tenders be approved. I also enclose the plans and specifications prepared by the Inspector of works according to the instructions of the council . The council did not approve of the Department's suggestion that accommodation be provided for a teacher upstairs as they considered that in almost every case a teacher would secure a regular boarding house instead of living alone in the school. The Inspector has also provided for a teacher's private room at the rear of the class room but omitted to show a window when making the plans, although one is provided for.

His Royal Highness

The Governor General in Council.

The undersigned has the honour to report the advisability of replacing, by the erection of modern buildings, the old day schools Nos. 5 and 11 on the Six Nations Indian reserve, in the counties of Brant and Haldimand, in the Province of Ontario.

Tenders having been called for by the Council of the band, the following were received:-

for No. 5

J.W. Hill	Oheweken, for	$2160.00
Robt. Martin,	" "	2150.00
T.J. Thomas,	" "	1943.00

for No. 11

Robt. Martin,	Oheweken, for	$250.00
T.J. Thomas,	" "	1943.00

As the tender of T.J. Thomas is the lowest for the construction of No. 5 and has been accepted by the Six Nations Council, his tender for No. 11, has been withdrawn.

The above mentioned tenderers are members of the six Nations confederacy.

P. C. 3073

Certified copy of a Report of the Committee of the Privy Council, approved by His Royal Highness the Governor General on the 7th December, 1914.

The Committee of the Privy Council have had before them a report, dated 1st December, 1914, from the Superintendent General of Indian Affairs, submitting that it is advisable to replace, by the erection of modern buildings, the old day schools Nos. 5 and 11 on the Six Nations Indian reserve, in the counties of Brant and Haldimand, in the province of Ontario.

The Minister states that tenders were called for by the Council of the band, and the following were received:-

for No 5.

J W. Hill, Cheweken, ...
Robert Martin, Cheweken, ...
T. J. Thomas, Cheweken, ...

for No 11.

Robt. Martin, Cheweken, ... $2250

The Minister observes that the above mentioned tenderers are members of the Six Nations Confederacy.

The Minister recommends, pursuant to the requirements of sub-section 2 of Section 86 of the Public Works Act, that the contract for the construction of school-house No 5 be awarded to T. J. Thomas for the amount of his tender, namely, $1943.00, and that the contract for the construction of school-house No 11 be

Indian Office, Brantford
463066

Sir,- No. 67

The Six Nations Council on the 28th of Dec. opened tenders for the building of closets at sch-schools Nos. 5 & 11 and the tender of J.B. Hill at $89.00 for the two schools was accepted. I beg to recommend your approval of this decision.

Tenders were also opened for the building of fences around these same school grounds and the council accepted the tender of Daniel E. Hill at $1.00 per rod for both wire and picket fences. The specifications call for a picket fence in front 16 rods in length, and for wire fence around the remaining three sides 46 rods in length. The Inspector informs me that it will be impossible for Daniel E. Hill to build the fences for $1.00 per rod. I enclose a letter received from J.B.Hill protesting against the Council's award and confirming what the Inspector says that it impossible to build a fence as required for the amount.

The Secretary-
Dept. of Indian Affairs-
Ottawa.

Indian Affairs. (RG 10. Volume 6221, File [illegible], part 1)

PUBLIC ARCHIVES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

J. B. Hill's tender is the second lowest and will
amount to $146.90 according to the present measure-
ments. I therefore beg to recommend that J.B. Hill's
tender be accepted and the council's decision be
not approved. I beg to enclose specifications for
both the closets and fences. Plans are not enclosed
because the Inspector tells me that they are alread
on file being the same as ~~it~~ those used at schools
Nos. 4 & 1.

obedient Servant,

Indian Affairs. (RG 10, Volume 6224. file 486-5. [illegible] 1)

www.collectionscanada.gc.ca

Ottawa, March 12, 1915.

Sir,-

I beg to acknowledge the receipt of yours of the 1st instant in reference to W. C. and fencing at Schools No. 5 and 11, and enclosing tenderfor same.

It is noted that the Tender recommended for closets includes those for both School No.5 and School No. 11. The specifications for fencing require that both school yards should be fenced, but the Tender for fencing is apparently for one yard only, 15 x 16 rods. Is School No.11 the same dimensions as School No.5, or does the Tender of J. B. Hill include doing these at the same cost?

This information should be sent in at the earliest possible date, and on receipt this matterwill be given immediate attention.

Your obedient servant,

J. D. McLEAN

Asst. Deputy and Secretary.

FILE NO. 254 633-5.

Indian Office, Brantford,

March 15th., 1915.

Sir,-

In reply to your letter of the 12th inst. regarding tenders for the fencing of school lots Nos. 5 & 11, I beg to state that these lots are both the same size and J.B. Hill's tender included both at $5.25 per rod for picket and $1.15 per rod for wire fence according to the length to be measured by the Inspector of Works when the work is done.

Sir

Your obedient Servant,

DEPT. OF INDIAN AFFAIRS,

Ottawa, March 22, 1915.

Sir,-

With further reference to your letter of the 1st instant,wherein you recommend the acceptance of tender of J. B. Hill for closets at Schools Nos.5 and 11 Six Nations Reserve,for the sum of $89.00, the Department approved of the acceptance of this tender.

With respect to the tender of Daniel R. Hill for the erection of fences at Schools Nos.5 and 11, the Department cannot approve this,as it is impossible to do the work according to plan and specifications prefared by Mr.Jamieson, for that price.

The Department approves of the acceptance of the next lowest tender; that of J.B.Hill for picket fence at $5.25 per rod, and wire fencing at $1.15 per rod as being fair and reasonable for the work to be done.

Your obedient servant,

Assistant Deputy and Secretary

Gordon J. Smith, Esq.,
Indian Superintendent,

154833-5

File No. 154 833-5.

Indian Office, Brantford,
April 12th., 1915.

Sir,-

Chief Thomas J. Thomas showed me a letter sent to him from the Department on the 9th of February last under above file No. in which he was requested to file his claim with me for extras on his contract for building No. 5 School. The new school building was erected on a lot about half a mile away from the old build and when Thomas tendered on the construction of this building, he understood the building was to be on the old site and he figured on using the water from the well on that lot and using a part of the old school building for his tools and machinery but subsequently the council decided to purchase a new school lot further away and by reason of this change Thomas claims he has lost $70.00 basing his claim on the following items. Extra man and team drawing water ten days at $3.50 per day and extra teaming

www.collectionscanada.gc.ca

in drawing 40 loads of gravel the extra half mile and rent of tool house in the vicinity of the work making a total of $70.00 altogether.

Mr. Robert Martin's contract for building No. 2 school
11 School is exactly the same as $2250.00, whereas Thomas' contract was only $1943 which is a considerable difference. I believe Mr. Thomas took the contract for too little considering the circumstances and I beg to recommend that he be allowed this extra $70.00, although the council refused to grant it. Sometime ago Robert Martin applied for extras on one of his contracts because he had to use a gravel pit farther away than the one he figured and the council gave him the increase.

I.S.No.1.-- Mr. H. Liskers, Indian Teacher.

My school is a good one, building, closets, grounds, or ... ajacent, good.

The ground around the closets is low and wet. A drain should be constructed to drain it. I will make survey for tile, if so instructed, when I visit the reserve for drainage work later.

The well should have a cement top on it.

The attendance is good, 28 on the roll, 33 average.

Although Mr. Liskers is not an up to date teacher, he seems to be getting good results.

A school garden should be started at this school, they have plenty of ground. It shoul be ploughed this fall and manure worked in well, in the spring. Hoes, rakes, etc. should be provided for this work.

Also Mr. Liskers is teaching good agricultural lessons.

Indian Affai...

Ottawa, July 17th, 1915.

The Department's Agricultural Representative, Mr.R.W. Brennan, recently, visited the No.5 Six Nations school.

He reports that that the ground around the closets is low and wet and that a drain should be constructed. The well, also, should have a cement top. He ,further, states that [illegible] is quite capable of teaching agriculture and recommends that ground for a school garden should be plowed this fall, and hoes and rakes etc provided.

Kindly bring this to the attention of the School Board and we be extent trusts that they will show their appreciation of the teaching of agriculture by carrying out these recommendations.

From I. Bearfoot
Clergyman
219152 CALEDONIA, Ont,

The Secretary
of the Indian Dept.
Ottawa.

Dear Sir,

At the regular Council of the Chiefs of the Six Nations held on Tuesday the 6th inst a Resolution was passed asking the Department to pay the sum of $15.00 to the Lower Cayuga "Long House" people for wood supplied to No. 6 Board School a year ago as per contract with Samuel Curley a member of the Long House, to all the Board Schools, who failed to pay them for the same, and will not do so, the said amount of $15.00 to be deducted from any money or moneys coming or may come to Curley through the Department.

This act on the part of Curley led the Long House People to much trouble and is likely to lead to more, unless the matter is amicably settled.

As I was afraid that this trouble would arouse a spirit of antagonism, and injure our Educational work among these people I asked for, and obtained a Conference [illegible] the matter arranged satisfactorily to all concerned. The result of the conference was the arrangement as [illegible] by the Council.

Another Council was [illegible]

CALEDONIA, On

These people; and that was Curley and obtain a Division judgment against him on that up at the Council, and so that payment for the same be ma as suggested above; but this was laudoned as it would be too much tro and produce more trouble and ex cur much additional expenses, e pecially as Curley does not dem the debt, acknowledging the sum in his letter to the Secretary of the Board applying for a renewal of the Contract for the present year.

For the sake of peace and harmony among the people and retaining the Confidence of the Pagans in the matter of Edu cation which we seem to have gained and are steadily gaining I earnestly hope that the Depart ment will see its way to carry into the arrangement made and at once authorize the pay ment of the money.

I have the honor to be Sir,

J. Beaudoin
Missionary Six Nation
and Supt. Six Nation
Board Schools.

Sir-

I beg the enclose minutes of Council held on the 6th,7th 9th,and 24th instant and to report thereon as follows:-

No. 21

School No. 6 requires a new pump but the council decided to provide a bucket and a chain on a windlass. In my opinion this is dangerous in a school where small children are running about and beg to recommend that a new pump be placed in this well if the old one cannot be repaired and that the council's decision be not approved.

I have &c. &c.

a reconsideration of this matter will result in these schools

safer built this summer.

In the event of the Council deciding favorably, I would refer you to official letter of February 12th, 1917, which related out the necessity of securing satisfactory sites and also the practicability of constructing teachers' residences in connection with these two schools.

The Department will expect you to give this matter your prompt attention and to advise as soon as possible in regard to the Council's decision.

Your obedient servant

Assistant Deputy and Secretary.

Ottawa, June 11th, 1917.

I have to acknowledge receipt of minute of Council of March 27th, 1917, containing the information that the Six Nations Council had decided not to erect new buildings at schools Nos. 6 and 10.

The Department regrets this action on the part of the Council and it is felt that their decision was arrived at without giving the matter the consideration it deserves.

No work is more important than the education of the children and the Council could not expend their money to better advantage than by building new schools at these two places.

Section 15 of the regulations governing the Six Nations schools provides that all children between the ages of seven and fifteen shall attend school for the full term during which the school of the section is open each year. Applying this section to schools Nos. 6 and 10, it is easily seen, that, owing to the lack of accommodation at both these schools, it is impossible to enforce the above regulation and as a result a large number of the children are being deprived of an opportunity of obtaining an education.

In consideration of the importance of this matter, the Department desires that it again bring this matter to the attention of the Council, at their next meeting, and the Department trusts that

EXD

OTTAWA, Nov. 28th, 1921.

Sir, -

The Public School Inspector, in a report on his recent inspection of the No. 6 school on the Six Nations Reserve, states that the door latches and locks need repairing and that the door is off the boys' closet and the window is out.

You should draw this matter to the attention of the school board at the next meeting, and they should arrange to have the necessary repairs attended to as soon as possible.

Your obedient servant,

Russell T. Ferrier.
Supt. of Indian Education.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

pril 16, 1925.

...

The Department has approved of the Six Nations Band Council's resolution to build a combined classroom and teacher's residence at the No. 6 School and the authority of His Excellency in Council is being secured (File No. 7825-4). I know of no reason why the building should not be placed on the same lot as the present school. One-half acre has been held for many years for school purposes here and in 1916 an additional acre was purchased from the Indian holder.

There is no question concerning the advisability of a new school, as serious consideration was given to replacing the present building in 1917. The Deputy has approved of the work being done on a day labour basis, under your supervision.

I have examined the files and I believe that accommodation for 30 children should be provided in the classroom and for one teacher, of course, in the residence.

As Band Funds are being used and as the School Board are taking an active interest in education on the reserve, I believe it advisable to secure the cooperation of the local trustee, as well as the Indian Superintendent, when you examine the site, make arrangements for the labour, etc.

Indian Affairs. (RG 10, Volume 6224, file 487-5, part 1)

DEPARTMENT OF INDIAN AFFAIRS

CANADA Ottawa, April 28, 1925.

NO 6 SCHOOL ON SIX NATIONS RESERVE.

MEMORANDUM:

Mr. Scott.

I beg to report that on April 20th I visited the Six Nations Indian Reserve and made arrangements for the building of the new combined day school and teachers' residence at No 6 school. The work will be carried out entirely by Indian labour with Mr. Albert Hill, an Indian, acting as foreman.

I obtained prices for all materials required in both [illegible] lumber with the Albridge Co of Caledonia, and for the window frames and other mill work with Schultz Bros and Co. of Brantford. These firms have quoted the lowest prices.

[illegible] school an old classroom [illegible] is a considerable amount [illegible] there is, the addition to the No 11 school.

In locating the new No 6 school on the school lot I consulted the school trustee for this district and he was perfectly satisfied with my choice and with the arrangements being made for the erection of the proposed buildings.

DEPARTMENT OF INDIAN AFFAIRS

D. C. Esq. F.R.S.C. Litt. D.,

Deputy Superintendent General,

Department of Indian Affairs,

Ottawa,

Dear Doctor Scott:-

I beg to acknowledge the receipt of your letter with regard to the payment of interest money. I forwarded the request of the Council as they asked me to do so but at the same time told them that I did not think you would see your way to grant it owing to the present condition of Six Nations funds.

At the Council meeting yesterday there was considerable acrimony regarding the continuance out of work upon No. 6 school by the Department. A section of the Council headed by Fred Johnson and John Lickers made an attack upon the Department.

It was stated that although when the delegation visited Ottawa they were told that none of their money would be expended without their knowledge, the erection of No. 6 school had been put in hand without the plans and estimated cost having been submitted to them first

Indian Affairs. (RG 10, Volume 6224, file 487-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES

CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada gc.ca

I was requested to write to you asking that work upon this school should be suspended, and that Mr. Orr should meet the Council and discuss the advisability of calling for tenders.

I explained to the Council that this work had been commenced by the Department with no idea of slighting them or ignoring their right to a say in the expenditure of their money but that obviously the provision by the Department of an architect free of cost, the employment of Indian labour under a foreman and the consequent saving of contractor's profits were all of benefit to the Six Nations. However I promised to draw the matter to your attention and to convey the wishes of the Council to you.

I would say in this connection that I regard with disfavour the increasing tendency on the part of certain of the Councillors notably Mr. Fred. L. Johnson to bring minutes before the Council which may ultimately tend to their own profit to the detriment of the Six Nations funds as I have little doubt that behind this there is a sub-strata of jealousy that tenders were not called for whereby some persons on the Reserve might profit.

At the same meeting the question of painting the schools by tender was brought up and a discussion

Indian Affairs. (RG 10, Volume 6224, file 487-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

something upon the same lines as the above followed regarding painting by day labour under supervision of Mr. Orr.

As far as I am aware the foreman placed in charge of the work by Mr. Orr, Albert Hill, is doing the work well, rapidly and economically. The school is at this stage:- The foundations are about completed excepting where the door frames and window frames are to be placed. The joists have all been laid, the first floor has been laid, the rafters and other material have all been cut and the drains leading from the basement to the roadway have been dug. Most of the material ordered by Mr. Orr is on the ground.

Mr. Fred Johnson stated that a higher rate of wages ~~were~~ being paid to the carpenters than rules elsewhere, which entirely untrue, the carpenters are receiving forty cents an hour whilst white carpenters are receiving about seventy-five or eighty cents an hour.

I told the Council that I have no power or desire to stop the work and that it will continue until word is received from you but it will perhaps

Indian Affairs. (RG 10, Volume 6224, file 487-5, part 1)

be well if Mr. Orr could come down soon and convince these people that their interests are being guarded wisely and well.

Yours very truly,

(Sgd.) Thos. Morgan.

Extract from Report of Inspector Standing on the
No.6 Six Nations Day School - dated June 10th, 1926.

Original on file 32-6-6

The new combined school building and teacher's residence is very satisfactory with the exception I have already mentioned namely, the lack of provision for ventilation which is a somewhat serious defect.

There is a space below the book cupboard which might be utilized by building in a slightly deeper cupboard to hold the larger pieces of equipment such as the globe scales, measures, etc.

The use of pits for the closets is objectionable. The boys' urinal is not well placed and is badly constructed.

Ottawa, June 30th, 1926.

Sir:

Mr. Inspector Standing, in a report on his inspection of the No. 6 school on the Six Nations' Reserve, states that the new combined school building and teacher's residence is very satisfactory, with the exception of a lack of provision for ventilation, which he states is a somewhat serious defect.

The Inspector also states that there is a space below the book cupboard which might be utilized by building in a slightly deeper cupboard to hold the larger pieces of equipment, such as the globe, scales, measures, etc.

The Inspector further states that the boys' urinal is not well placed and is badly constructed.

The recommendations of the Inspector should receive attention at the time the repairs are being made to the other schools on the Reserve, as per the resolution of the Council and our letters of the 2nd

DOMESTIC CORRESPONDENCE
TO THE SUPERINTENDENT OF

OF INDIAN AFFAIRS
CANADA

No. IOB-1237/34.

OFFICE OF SUPERINTENDENT
INDIAN AGENCY
BRANTFORD, ONT

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Sir:

I beg to acknowledge receipt of cheque no. 19149 for $3.34 in my favour, being payment for store account. The issue of the cheque has been a mistake. The voucher that I sent in for $3.34 was one which accounted for the expenditure of cheque No. 10990 for $150.00 advances made to me for repairs to schools.

I accounted for the expenditure of the $150.00 in my letter of the 22nd of September last.

In regard to this $3.34 I paid this account on the 18th of August, cheque No. 61157 to the Haldimand Quarries and Construction Limited, gravel for schools.

I am returning cheque with this explanation.

Your obedient servant,

Supt. Six Nations.

W. Col. C. H. Morgan.

No. 6 School,
Thursday Dec. 5, 1935.

The Six Nations Council,

ONSWEKEN, Ont.

Dear Sirs:

The well at the No. 6 School is badly in need of repair. The water is not fit for the children to drink on account of the rats, mice and squirrels which fall into it and pollute the water. There is no other source of water supply in the vicinity and the children either have to drink this water or go without.

Any action toward the repair of this well would greatly please both the parents and teacher.

Yours respectfully,

E. Montour (agd.)

(teacher of No. 6 School)

No. IOB-1337/35.
OFFICE OF SUPERINTENDENT
SIX NATIONS

December 6th, 1935

The Secretary,
Department of Indian Affairs,
OTTAWA, Ontario.

Sir:

I am enclosing a copy of a letter addressed to the Six Nations Council by the teacher of No. 6 School.

In regard to this matter I would draw the attention of the Department to my letter IOB-1338/35 of the 28th of October.

May I respectfully emphasize the difficulty of maintaining the respect of the Indian people as their Superintendent, when matters of this nature are left in abeyance for many weeks, without action one way or another.

Your obedient servant,

E. P. Randle

Major E. P. Randle.

ICB-1339/35.

October 28th, 1935.

The Secretary,
Department of Indian Affairs,
OTTAWA, Ontario.

Sir:

I beg to advise you of certain conditions prevailing at School No. 6, Six Nations Reserve and drawn to my attention by the teacher, Miss M. Monture, during my inspection of Schools, last Friday.

(A) The only drinking water obtainable is soft water obtained by drainage of the eaves troughs of the school building into a well. Under the best conditions this kind of water is particularly poor and not suitable for children as drinking water, but under prevailing conditions at the school, this supply is a danger. The water is not filtered in any way and all impurities collected in the eaves troughs are carried into the well which has not been cleaned for many years. In addition the well covering is only of wooden boards and mice are continually getting into the well between these boards and the ground level and drowning. As a result the water is fouled and absolutely unfit for human consumption. For sometime the school has been obtaining water from a near by farm but this supply has now given out owing to the lack of any stead rains, so the school is without any usable water supply. I understand there is a drilled well at this school not in use as the water is sulphurous and the children cannot drink it.

In view of these circumstances, I would recommend that the soft water well and system be thoroughly cleaned and a cement top to replace the board one and if possible some system of filtering the water installed.

Indian Affairs, (RG 10, Volume 6224, file 487-5, part 1)

1339/35.

(B) [illegible] or its height increased, being only a few inches above the roof level. With winds in certain directions, the class-room is filled with smoke and if it is too cold to open the windows the children have to leave the room and instruction ceases.

(C) The line fence surrounding the school property is a total wreck and on the day of my inspection, cattle from the neighboring farm were roaming at pleasure around the school buildings and leaving the grounds in a condition un[illegible]

(D) Miss Monture informs me that she and her Mother no longer reside at the school as her father was home again and the family are living on their own farm. Whilst in residence, Miss Monture carried out the duties of Janitor but under the changed conditions requests that a Janitor be appointed [illegible] to the school and has previously acted temporarily in that capacity.

May I please be instructed as to what the wishes [illegible]

TO THE SUPERINTENDENT OF
THE SIX NATIONS

1 32-6

PLEASE REFER TO
No. 100-1815/35.

CANADA

December23bd, 1935.

The Secretary,
Department of Indian Affairs,
OTTAWA, Ontario.

Sir:

With reference to your letter 32-6-5 of the 14th instant in regard to No. 6 School.

I have arranged for the cleaning of the well while the pupils are on their Christmas holidays which will at least give them fairly decent drinking water.

The remainder of the work which will be necessary to insure the cleanliness of the water supply i.e. the cleaning of the eaves troughs and cementing of the well top, will have to be left over to the Spring when the weather will be suitable for carrying out satisfactory work.

The cost of raising the chimney about two feet, which is the additional height required, would be approximately $10.00 but it would be advisable to hold this also over until the Spring.

Your obedient servant,

E. P. Randle

Ottawa, August 27, 1921.

I have to acknowledge the receipt of your letter of the 9th instant, and in reply I beg to say that the Department approves of the resolution of the Six Nation Council to erect new buildings in Sections 1, 3 and 7 on the reserve.

These buildings would be on the same plan as the No. 6 school, varied to suit the needs of the sections, and the ventilation system installed in the No. 6 school-house would be included in the general plan for these buildings and the necessary outbuildings etc. would also be provided for in the first place. With regard to the accommodation there should be 16 cubic feet of floor space for each child and 250 cubic feet of air space. When the plans and specifications are prepared you may call for tenders and the proposals received should be submitted to the Department for consideration. Care should be taken that suitable sites of sufficient area are chosen.

Your obedient servant,

Asst. Deputy and Secretary

Extract from Inspector's Report on the Six Nations

No. 7 School, dated June 1, 1915. Orig. 154237-8

School building, unpainted and new closets good, but closets not well placed nor screened, also painted a conspicuous color. The old closets are unsightly as well as unsanitary and should be removed and the ground cleaned. The old well also should be filled in.

Ottawa, 18th February, 1916.

Sir:-

I am in receipt of your letter of the 15th instant, with which you submitted an account from Isaac Kick for constructing out buildings at No. 7 school on the Six Nations Reserve; and in reply I transmit herewith the account in question, and I beg to point out that the contract entered into with Mr. Kick called for the grading of the ground at the school as well as the building of closets, consequently the voucher and the certificate from the Inspector of Works should indicate that such work has been done. When the voucher and certificate have been amended as indicated and returned to the Department, the question of payment will be given consideration.

TO THE SUPERINTENDENT OF
SIX NATIONS

DEPARTMENT OF INDIAN AFFAIRS
CANADA

No. 490-5
OTTAWA, CANADA
OCT

October 18th. 192 4.

The Secretary,

Department of Indian Affairs,

Ottawa,

Dear Sir:-

I beg to acknowledge the receipt of your letter 32-9-5 of the 13th. inst. with regard to repairs to the roof of No. 9 school, Six Nations Reserve.

I have got prices for shingles from two merchants, one at Hagersville and one in Brantford, and although the Hagersville price is slightly higher the difference will be saved on carriage. I have therefore asked the Inspector of Works to commence the work as soon as possible in order that the roof maybe completed before the rains.

Since writing with regard to No. 9 school I have a report from the Inspector of Works that No. 5 school is considerable out of repair, requiring new eave troughs, painting and repairs to doors and windows.

As the matter is only a small one, but of some importance for the children and teacher of the school I have

EXTRACT FROM REPORT OF LT. COL. C. E. MORGAN,
INDIAN SUPERINTENDENT, BRANTFORD, DATED NOV. 14, 1931,
ON HIS INSPECTION OF THE SIX NATIONS SCHOOLS. Hi
File No. 108-1927/31.

Original on No. 32-1-5.

I beg to report that at my recent inspection of the Six Nations Schools and classrooms I found the following matters requiring immediate attention:

x x

School No. 9 - Teacher, Miss Helen Miller.

This school is in a dangerous condition, the wall bulging at the north-west corner. I have reported upon this under separate cover. This is one of the schools which I recommended last year for reconstruction. It is small and very much over-crowded, there being but 36 desks and 39 pupils, exclusive of the 8 Mississaugua children for which there is no room. If possible, instead of merely shoreing up the back wall the room should be enlarged. For present emergencies a further six or eight seats might be squeezed in by moving back the stove nearer to the back wall.

Six Nations Schools.

I recently visited all the schools on the Six Nations Reserve and presided at a meeting of the School Board at Chiefswood, yesterday, upon which I will report in due course.

I am aware that funds are low and that only the most urgent repairs are to be carried out but there are some repairs regarding which I will report in detail, which must be done.

Upon inspecting No. 9 School, I find that the sills and studdings which support the roof are dry-rotted, and, having discussed the matter with Mr. Frank Montour, who recently repaired some brick work at the corner of the school, I find that the school is unsafe for occupation. I will, therefore, ask permission to definitely close this school at the end of this term, and, should the Department find it inconvenient to rebuild, I think that I can hire a small church in the vicinity which will answer the purpose. The Department will remember that the rebuilding of this school has been under discussion for over two years.

Your obedient servant,

Supt. Six Nations.

... the 26th, ult., I received a reply from the Department (32-9-5) authorizing the rental of this Church, and instructing us to take the necessary steps to install the school furniture. I now regret to report that Mrs. Lydia Johnson, who has control of this Church, refuses to lease it for any price or under any consideration to be used for school purposes, and as there is no other building available in the district I find myself at a loss as to how to carry on the scholastic work.

There is no doubt whatever that No. 9 School is not safe and that a great risk to the lives of the children would result should it continue to be used. This school is situated in an outlying district of the reserve and is therefore too far away for any of the other schools to render it possible for the pupils to be distributed elsewhere. I am afraid if this matter is not to be allowed to go by without school benefit that either a new school must be built or No. 9 repaired, which owing to its condition I imagine would hardly be worth the expenditure.

32-9-1

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, May 25th, 1933.

In company with Superintendent Morgan, I visited a number of the day schools on the Six Nations Reserve on the afternoon of May 18th.

The sum of $8,000 was provided in the Estimates for the year 1933-34 for the erection of a new building at the No. 9 School. However, repairs were made to this building last fall and it is now in a condition to last for several years and it is, therefore, unnecessary to erect a new building at the present time.

Col. Morgan suggested that the funds provided in this year's appropriation be used for the purpose of adding second classrooms to two or three of the present schools.

I reviewed the average attendance figures at all the day schools on the Six Nations Reserve with Col. Morgan and, after carefully studying these, I do not think that the attendance is sufficiently large to justify the erection of second classrooms at the present time. Under these circumstances, Col. Morgan stated that he would write the Department and withdraw his suggestion that second classrooms be built at certain schools.

I met Mr. Joyce, the Public School Inspector who visits the Six Nations Schools and he agreed with me that it was inadvisable to consider erecting additional classrooms at the present time. Incidentally, Mr. Joyce stated that the salaries we are allowing the teachers of the Six Nations Schools are larger than those paid in the neighbouring White communities.

Minor repairs are required at a number of the schools on the Six Nations Reserve and I would suggest that from $1,500 to $2,000 be allowed Col. Morgan to effect the necessary repairs.

No. I.G.I / 273/33.

OFFICE OF SUPERINTENDENT
SIX NATIONS
BRANTFORD, ONT.

May.10th,

The Secretary,
Department of Indian Affairs,
Ottawa. Ontario.

Sir:- Six Nations Schools.

I have had the advantage of a discussion regarding the Six Nations Schools with Mr. Phelan who is at present visiting Brantford and with whom I inspected several schools yesterday.

I learned when at the Department that $ 8,000. has been included in the estimates to rebuild No. 9 School. I discussed this with Mr. Orr and as we were able last year to repair no. 9 school so it will continue to be safe and serviceable for some years to come I think in view of the shortage [illegible] be better to defer the rebuilding until a later date. There have been complaints from some of the teachers that the schools are overcrowded and I suggested to Mr. Orr that perhaps it would be well to take a portion of this money to build two further class rooms, one at No. 9 School and another at no. 3 to relieve this congestion. However upon discussing this with Mr. Phelan it appears that he is of opinion that these schools are not unduly overcrowded as schools in other reserves have as many and, in some cases, more pupils than ours. He pointed out that the erection of class rooms with the $ 8,000. would entail further expense in the hire of teachers and school furniture and books which at this present time is inadvisable and in consequence I think this suggestion of mine should not be followed up.

Indian Affairs. (RG 10, Volume 6224, file 490-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

however, as this money is available, some of it might be utilized to paint and repair all the schools some of which require painting and general repairs quite badly.

I would therefore ask the Department to be good enough, if he can be spared, to allow Mr. Cree to visit Brantford in order that he and I may go thoroughly into this question of painting and repairs. If the Department will be good enough to notify me when he may be expected I will make arrangements to meet and look after him.

Your obedient servant,

Supt. Six Nations.

Lt. Col. C. L. Morgan.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

The Department will remember that last year No. 2 School on the Six Nations Reserve was reported as being unsafe and authority was granted to have the studdings replaced where rotten and an amount of $ 8,000 was included in the Appropriation to rebuild this school during 1933.

The repairs having taken place I reported that the school was now in a good enough condition to last with safety for several years and that in consequence the amount included in the Appropriation would not be required for this purpose.

It has now been reported to me by the trustee that the studding is dry-rotting in other places and it seems that dry-rot having gained ascendancy there is no alternative but to pull this school down and re-erect it. At a meeting of the School Board held recently Mr. Albert Hill who is a carpenter and builder as well as a trustee was authorized to investigate the condition and as this will require pulling up floor boards and stripping the walls to some extent he was also authorized to employ a helper. I will report fully upon receipt of his report but am writing this in order that the Department may be prepared to go ahead with the work if necessary during the holidays.

Several of the schools need painting both inside and out and Mr. Orr will remember that we discussed the question of using some of this $ 8,000. for this purpose when I was in Ottawa, but in the event

Re: No. 9 School - Six Nations Reserve

Further my letter 108 - 930/33 of June 20th, in which I reported the assurance of the Trustee of the school that the studding of No. 9 School was unsafe. As I informed the Department I asked Mr. A. E. Hill who is a carpenter and builder on the Reserve to make a thorough examination of No. 9 School and I am pleased to be able to report that the statement of the Trustee was very greatly exaggerated. Mr. Hill reports that the studding is sound and that in such few places as they need it repairs can be made for a practically nominal sum. He reports however that the shingling is in a very bad state and it may be for this reason that water has been finding entrance and causing some of the trouble.

Mr. Hill has offered to re-shingle this school for $ 140., to which I would add $ 30. for the repairs to studding and wainscoting and replacement of floors. I would therefore ask for authority to expend $ 170. on this school.

Your obedient servant,

D. T. Tilson Agent.

DEC 13 1935

Sir:

I beg to advise you that on my inspection of School No. 9, I found it greatly overcrowded, children sitting two in a seat and no accommodation for further seating, ill-ventilated and lacking in light.

The General suggests that if the New Credit children attending this school would transfer to their own school, it would relieve the congestion.

This building is old and not suitable in any way for the purpose it is used, or the number it accommodates and when the Department sees fit should be rebuilt. The floor has previously given trouble and is once more slowly moving out of position.

I would recommend that if the Department sees fit to authorize any of the repairs necessary to the schools mentioned, that Mr. Cleveland Anderson, the Road Superintendent, be placed in charge and made responsible for seeing that they are correctly made.

Ottawa, Ontario.

Sir:

I beg to acknowledge receipt of your letter 32-9-5 of the 14th. instant with regard to No. 9 School and would advise the Department that there is little which could be done to this school except the complete rebuilding of the walls which are crumbling outwards.

As a temporary measure on the inside, where the gap between the floors and the walls is, it would be advisable at the cost of a few dollars for some stripping to protect the teacher from the constant draft she now endures, so would the Department please authorize this at once so it can be done during the holidays.

As previously reported the means of ventilation in this school is both poor and scarce, and it would be helpful if the Department would authorize me to put in wooden ventilators on the two windows which do not have them as they give satisfactory ventilation without draft.

Your obedient servant,

Major D. C. Scott.
Ind/Ch.

Supt. Six Nations.

well, No. 10 School.

The Council asked for tenders to sink a well at School Site 10 on the Reserve. It is expected that they would have to go 40 or 50 feet for water. But since the accident at Keris, no tenders were received, the Council then decided to engage Frank Bartram to drill a well, which he agrees to do at $2.20 per foot, not including pump. I enclose his tender and under the circumstances I beg to recommend that his tender be accepted, as water is badly required.

Ottawa, January 23, 1918.

Sir,-

Mr. S. A. Anderson, teacher of the Six Nations No. 10 School, on his quarterly return for the December quarter, last, states as follows,- "The room here is usually retarded by smoke nuisance. A new stove would be a great help to overcome this trouble".

You will be good enough to bring this matter to the attention of the School Board at the next meeting.

Your obedient servant,

[illegible]

Asst. Indian Superintendent.

Wm. J. Keith, Esq.,

Ottawa, October 3, 1917.

Sir,

With further reference to your letter of the 31st August last and telegram of recent date, I beg to say that the Department approves of the acceptance of tender of Robert McDonald for the building of a new school No. 10 Six Nations Reserve for the sum of $3000.00 according to plans and specifications prepared for the same by Augustus Jamieson, Inspector of Works for the reserve. It will be necessary for a proper contract to be entered into, a copy of which should be forwarded to the Department.

The matter [illegible]

lence in the school there will be [illegible]

Underwood Council Room,
August, 21st, 1917.

Minutes of Council Meeting.

6-11.

Tenders for building the new No. 10 School were

Robert Martin.....2343.00

As Council decided to accept the tender of J.W. Hill for the building of a new school No. 10, cost of the same $2345.00 to be paid from the Capital Fund; Debenture.

The Council decided to permit J.W. Hill Contractor for the building of the new school No. 10 to go on with the work at once.

x x x

Read and Approved.
W.E.Loft,
Secretary, S.M.C.

Asa R. Hill,
Sec'y. S.M.C.

Indian Office, Prud'homme,
August 24th, 1917.

6-11.

S.1214,035-6.

Tenders for the construction of the new No. 10 School were opened and the contract awarded to J.W.Hill at $2345. being $200. more than the lowest tender. Robert McDonald is a white man from Empress and is well recommended by Mr. T.C.VanLoon. Hill built No. 8 School some years ago and made a good job of it. With a view of giving the work to members of the band I beg to recommend that the tender of J.W.Hill be accepted.

As the Secretary did not send me either the tenders or the plans and specifications, I cannot answer them but will do so as soon as received.

Gordon J.Smith,
Indian Agent.

File No. 25'675-5 98960

Indian Office.

Brantford, Aug. 31st. 1917.

I beg to enclose the plans specifications and tenders for the new school No.10.

I discussed the matter of the tenders with Mr. Jamieson today and he was strongly in favour of the contract being given to Rob't McDonald at $3000. as he is inclined to suspect that there is more or less collusion between the Indian contractors, and if a white occasionally got a contract, he thinks we might get better results, both as regards price and speed of construction. Some contracts now in the hands of Indians are lamentably in arrears.

In view of the above, and with your permission I beg to withdraw my recommendation in favour of J.W.Hill and to recommend that the contract be awarded to Rob't McDonald.

Sir,

Your Obedient servant

Ottawa, September 4, 19 17.

Sir,-

I beg to acknowledge the receipt of your letter dated the 31st ultimo in reference to contract for erection of school No. 10, Six Nations Reserve, with plans, specifications and tenders for same, also your previous communication of the 21st ultimo and Minutes of Council in reference to the matter.

In connection with this, the Department wrote the Acting Superintendent on February 12th last suggesting the advisability of erecting a teacher's residence in connection with the school which is thought to be very necessary as there is no suitable place in the vicinity for this purpose. It also gives the teacher opportunity to see that the building is properly cared for, and is an inducement for longer services, which is necessary if good results are to be obtained and which is essential.

Your obedient servant,

D.C. Scott

Asst. Deputy and Secretary.

Agreement made in duplicate the 11th day of

Between His Majesty King George the Fifth, represented by the Superintendent General of Indian Affairs of Canada (hereinafter called the Superintendent General);

(hereinafter called the Contractor

The Contractor for himself, his heirs, executors, administrators and assigns, agrees to do in the most workmanlike manner all works and provide all the materials of the best kind shown in the drawings and described in the specifications marked "A" and "B" respectively and signed by the Contractor, and to complete, furnish and hand over to the Superintendent General or to some person by him appointed for that purpose, the

and all other work and labour incidental to and necessary for the entire completion thereof, whether specified or shown in the drawings or specifications or not, by the day of A.D.

AND in consideration of the above agreement on the part of the Contractor, the Superintendent General hereby agrees to pay the said Contractor the sum of dollars, provided always that the Superintendent General may at any time during the progress or after the completion or alleged completion of the work, appoint an Architect, Engineer or other officer, in which case the certificate of such Architect, Engineer or other officer, that the work is duly completed and of the amount, if any due, to the Contractor, after making such allowances for penalties and for defective or incomplete work, or for extras and deviations as the Architect, Engineer or other officer shall think fair, shall be a condition precedent to any claim by the Contractor under this contract.

AND the Contractor for himself, his executors, administrators and assigns, further covenants and agrees

1. That the wages to be paid in the execution of this contract shall be those generally accepted as current in each trade for competent workmen in the district where the work is carried on. If this condition is violated, the Superintendent General may cancel the contract and refuse to accept any work done thereunder.

2. That if the Contractor fails at any time to pay any account for any goods or materials supplied, or money advanced by anyone to the said Contractor for the purposes of this agreement, or to pay the account of any sub-contractor for any work or materials done or supplied for the said works to be constructed under this agreement, and such

Ottawa, May 29, 1915.

Sir,-

I beg to acknowledge the receipt of your letter dated the 26th instant in reference to contract for building No. 10 school, Six Nations reserve, and in reply to say that approval of tender of Robert McDonald for the building of this school was made under date of October 3rd last. This letter also stated that it would be necessary for a proper contract to be entered into, and that a copy of this should be forwarded to the Department under date of April 30th. A copy of contract was sent to the Department with explanatory letter which was acknowledged on the 3rd instant. As the Department had requested a copy of the contract which is necessary for filing here before payments can be made, it was considered that the copy received was for that purpose. As the position of the building and the plans from which it is to be erected were not clearly shown in the contract, this has been added and copies in duplicate prepared and enclosed herewith, which you will be good enough to have executed by the Contractor. The copy executed by the Acting Deputy Superintendent General to be retained by the Contractor and the other copy returned to the Department for filing.

In the future when contracts are being executed they should be sent to the Department in duplicate.

Your obedient servant,

Gordon J. Smith, Esq.,
Indian Superintendent,
Brantford, Ont.

Asst. Deputy and Secretary.

Ottawa, July 15, 1915.

In calling for tenders for No.10 School, Six Nations Reserve, notices on the usual forms were posted up in the Council-hall, Post Office and other public places on the reserve, as in their usual custom there, and at least twenty days' notice was given. No tender was called for in the public press.

The plans and specifications for the school were prepared by Mr. Augustus Jamieson (Indian) their building inspector; and plans, specifications and tenders submitted to the Department, with their Council's recommendation, for approval, the work being awarded to the lowest satisfactory tenderer. The tender of Robert McDonald for this work, is a fair and reasonable one, and is $300.00 below the Department's estimate for the building.

Indian Affairs. (RG 10, Volume 6224, file 491-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

for the acceptance of tender for the construction of a new school-house to replace old No.10 on the Six Nations reserve, the cost to be charged to bond capital.

Four tenders were received, three of which were from Indians and the lowest was from a white man.

As a rule the Six Nations themselves are the only tenderers but in this case, with a view to expedition, whites were permitted to tender; and the lowest tender, for $3000.00, is that of a white man, Robt. McDonald. The Indians would desire that the lowest Indian tender be accepted were it not that the lowest Indian tenderer, J. W. Hill, for $3375.00, has not given satisfaction in some other works done by him, and it is thought that it will have a good effect if this tender is awarded to the white man, Robt. McDonald, whose tender is lower than Hill's.

Indian Affairs. (RG 10, Volume 6224, file 491-5, part 1)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

www.collectionscanada.gc.ca

Those Indians have a Clerk of Works of their own and in general conduct their own business, so that it is not possible in the case of the Six Nations to comply strictly with the instructions of the President of the Privy Council as communicated to this Department on the 4th March last to the effect that the President "desires to have inserted in every report to Council from this Department recommending the award of any contract, the names of all newspapers (with date and number of insertions) in which notices calling for tenders were published, and to have such report accompanied by a copy of the detailed estimates pertaining to that particular work signed by the Engineer, Architect or other technical officer of the Department." A Memorandum is, however, attached hereto from the Architect of the Department who is dealing with the construction of the school building showing how the matter stands.

O/3. 22-1879.

Certified Extract from the Minutes of a Meeting of the Treasury Board, held on the 25th July, 1918.

His Excellency the Governor General

30 TH JULY 1918

511948

INDIAN AFFAIRS -

The Board had under consideration a memorandum from the Superintendent General of Indian Affairs, reporting that, it having been found necessary to build a new school-house for Section No. 10 of the Six Nations Indian Reserve, in the Counties of Brant and Haldimand, in the Province of Ontario, tenders were called for, and the following were received:-

Robert Martin,	Ohsweken,	$3,348.00.
[illegible] Thomas,	"	3,344.00.
[illegible]. H. Hill,	"	3,335.00.
Robert McDonald.	Hagersville,	3,000.00.

The Superintendent General recommends that under the provisions of Section 2 of Section 36 of the Public Works Act, the tender of Mr. Robert McDonald, the lowest, be accepted for the work above mentioned, for the amount of his tender, viz:

Indian

Honourable,
The Superintendent General of Indian Affairs.

Indian Affairs. (RG 10, Volume 6224, file 491-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Indian Act, the same be charged to the capital at the credit of the Six Nations Indians, which amounts to $822,706.17.

The Board concur in the above recommendation, and submit the same for favourable consideration.

OF INSPECTOR STARDING ON THE NO.1 SIX NATIONS SCHOOLS.

A new school building, just completed. The plan is good in most respects but one or two ~~[illegible]~~ faults pointed out in previous reports might have been avoided.

The window on the pupils' right is not needed and in any case should be farther to the front or rear so that a blackboard could be put on that wall. The back porch needs a window. The teacher's room might have had closed bookcases built on one side instead of open shelves.

Desks not well placed. They should be in rows of nearly the same length and leave room at the front for class work and at the sides and rear for pupils to move around freely in passing in and out of the room.

Date of Inspection,-December 7th, 1915.

Indian Affairs. (RG 10, Volume 6224, file 491-5, part 1)

Sir:

The Public School Inspector, in a report on his inspection of the No. 10 school on the Six Nations Reserve, [illegible] is a supply at the No. 11 school which has not been unpacked. These desks are not required at this school, and the Inspector recommends that some of them should be transferred to the No. 10 school. I shall be pleased if you will arrange to have the quantity of desks required to complete the seating equipment at the No. 10 school transferred from the supply unused at the No. 11 school.

The Inspector farther states that an additional blackboard is needed at the side of the classroom. The [illegible] are a requisition for the [illegible] he dimensions, i.e., lengt[illegible] and chalk trough should [illegible] to the Department through your office.

Your obedient servant,

[illegible]
J. D. Nelson,
Asst. Deputy and Secretary.

EXTRACT FROM MINUTES OF SIX NATIONS SCHOOL BOARD, HELD AT ONSWEKEN, June 16, 1931.

Original on 7825-4.

It was moved by Albert Hill and seconded by E. P. Carlow that the attention of the Department be drawn to the conditions of the well at No. 10 School. The pump was removed for repair and children, during its absence, threw stones down the tube which may necessitate reboring the well altogether, but, in any case, requires an opinion by a well expert.

The well is now useless and as the water in it has been rusty and bad for some time the Board recommends that a new well be drilled nearer to the School. Carried.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

August 25th, ... 1931.

Dept. of Indian Affairs,

Ottawa, Ont.

Dear Sir,-

"Damage to wall at No. 10 School
Six Nations Reserve."

I beg to acknowledge receipt of your letter 24-10-6 of the 24th inst. regarding resolution no. 17 in the minutes of the Six Nations Council at their last meeting, which has reference to the repair of the wall at no. 10 school.

As indicated in your letter I was instructed by the Department to communicate before incurring expenditure, as to my opinion was asked regarding the party against whom the cost of these damages should be assessed. It is also stated that no reply to this letter has been received from me.

In my report of the school board resolutions, under my let 1621/31 of July 22nd, I stated that the question of the damage to the wall would be submitted to the notice of the Agent Council, so that I also not consider a special letter was necessary. It

Indian Affairs. (RG 10, Volume 6224, file 491-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

is impossible at this date to allocate the responsibility for the damage owing to the fact that the teacher has left, and the trustee is unable to obtain any information as to what children threw stones down the well. The trustee "Albert Hill" consulted Mr. Near a well sinker on the reserve, and a gas and oil expert, who stated that he would not put a drill down this old hole now that stones were there, owing to the danger of breaking, and as it is impossible now to allocate the responsibility, I acted on the suggestion of the Department that as the damage had been occassioned by Indian children that the cost of repair should be borne by the Six Nations, in which, I think, the Council agreed. The Council therefore passed the resolution referred to "No. 17" at the August meeting, and authorized Mr. Albert Hill to engage a driller and proceed with the work, of which I would ask that the Department approve, the costs to be borne by Six Nations funds.

Yours obedient servant,

Supt. Six Nations.

AUDITOR GENERAL'S OFFICE, CANADA.

OTTAWA, Aug. 20, 1919.

485317

A contract was entered into by your Department with Robert Martin for building school No. 11, Six Nations Indians, amount of contract being $3250. I find the following payments have been made on this contract from Trust Account No. 75 — 1914 - 15, Ch. 4024 .....$500.00
" 4383 ..... 500.00 ✓

From this it would appear that an overpayment of $300 has been made to Martin on this contract, and I find no trace of this overpayment having been adjusted so far.

Kindly obtain a refund from Martin at as early a date as possible.

I am, Sir,

Your obedient servant,

The Deputy Superintendent General

Ottawa, 21st. August, 1916.

I have before me your letter of the 16th. August with reference to an overpayment of $600.00 to Robert Martin. I find that the overpayment was made owing to the fact that the inspector of the works issued two certificates for $500.00, and when he made his final estimate did not include it; the Department failed to notice the error.

I am pleased to say, however, that Robert Martin has a current contract for the erection of a cement culvert and the overpayment will be deducted from the first certificate for this work.

Yours very truly,

Deputy Superintendent General.

John Fraser, Esq., I.S.O.,
Auditor General.

THIS TREATISE is a simple, non-technical booklet embracing the features of truction, quality and illustrating various types of Brantford *ectional Buildings* factory built, for proficiency, portability and permanence.

The manufacture of Sectional buildings was entered into by this Company after in general building construction had shown the

and religious life and activities of the community

The Company's long experience in general construction has resulted in a thorough knowledge of the appreciation for and sure returns from efficient service that gives quality in workmanship and materials. This knowledge has been the potent factor in the development and perfection, throughout a period of more than ten of a finished and high grade product in the form of the "*Brantford Sectional* distributed in increasing quantities to satisfy an ever growing demand, due to a nationally broad recognition of their superior merits

Adaptability

NEW USES are continually being demonstrated to which the *Brantford Sectional Buildings* are found to be readily adaptable. Those most prominent in demand follow.

Cottage Homes and Bungalows for city suburbs, rural districts, summer resorts, industrial housing in factory areas, on farms, in mining districts and newly settled communities.

Automobile Garage buildings to house one or more cars, for use at private homes, hostelries, factories, church and school properties, exhibition grounds, public resorts, etc

Store buildings, Restaurants, Barber Shops, Bowling Alleys, Refreshment Booths and Offices In these are they particularly adapted for use in newly opened districts.

Branch Bank buildings for outlying points

Church and Mission buildings, Social Service Work, Salvation Army, Y M.C.A and Y W C A., auxiliary huts and Hostess Houses

School buildings for City overflow districts, Suburbs, Rural Sections, Fresh Air Cottages, Emergency Hospitals and Isolation Wards, Mess Rooms and Bunk Houses

Boat Houses for Launches, Row Boats, Canoes, Etc

BRANTFORD SECTIONAL BUILDINGS

Exhibition Booths, Agricultural out buildings, Implement Sheds, Poultry Houses, Canadian Fire Underwriters Standard Hose Houses

Child's Play Houses, Hunters' Cabins and Shacks, Construction Offices and Tool Sheds.

By no means are *Brantford Sectional Buildings* solely put to temporary use Large numbers have been in continuous use for various purposes under all climatic conditions for a number of years, with highly satisfactory results

Buildings procured for temporary use may be readily converted into permanent structures placed upon masonry foundations with provision for basements, and interior of walls lined with wall boards, sheathing lumber or plaster.

Distinctive Features of Construction

THE OUTSTANDING FEATURE of the construction is the Sectional unit

For foundations cedar posts are most frequently used, this feature is governed by nature of ground.

The sills, floor, walls, partitions, roof, gables, etc., are in standard sections, compact and ready for fitting and bolting together. All door, window and wall sections are interchangeable, permitting of numerous layouts to suit varied locations

The doors are already hung into the door sections, the windows already supplied with glass, screens and blinds. One does not handle a window, but a section, which has a window completely fitted with glazed sash and hardware.

All sections may be readily dismantled, transported and re-erected if occasion requires. Good and proper grades and kinds of materials are carefully selected in the manufacture, with the result that all buildings are of high character

Brantford Sectional Buildings combine strength, sanitation, durability, artistic appearance, portability, permanence, are light in weight, yet give absolute security, being thoroughly proof against the elements.

ectional Buildings eliminate waste in material and conserve the purchaser's time, thought and energy

MANUFACTURING FACILITIES enable us to make quick shipment from stock of standard types. Factory work insures accuracy extras and errors are avoided

Railroad facilities of Brantford provide direct shipping to practically all domestic points. The Grand Trunk Railway System, Canadian Pacific Ry., Toronto, Hamilton & Buffalo, Michigan Central, Lake Erie & Northern and Brantford & Hamilton Electric Rys. all have inter switching arrangements with our factory and ops

The centralized location of Brantford gives at moderate transportation cost, easy accessibility.

Where Brantford Sectional Buildings Are Made

SCHULTZ BROTHERS CO., LIMITED, BRANTFORD, CANADA

Types of Standard Interior Sections

Window Section with Exterior Blinds Attached

Specification of Structural Units

WIDTH of all outside wall sections is 3' 2". This necessarily becomes the unit in outside dimensions of all buildings. A building five sections wide and eight sections long would thus be 15' 10" wide and 25' 4" long.

Owing to roof loads, width of buildings is limited to 25' 4".

Plain wall sections are interchangeable with door and window sections.

FOUNDATIONS are most frequently of cedar posts, where nature of ground permits, set to instructions. Wood planks, timber or masonry may be used as conditions warrant.

SILLS of 2" x 6" stock are set on foundation posts. These aid in anchoring building making level and support the floor joist.

SILLS AND FLOOR JOIST. Sills are 3" x 6" prepared for bolts at corners and for splices where necessary. These are prepared to receive joist anchors. Sills are grooved to receive and secure foot of wall sections. Floor Joists are 2 x 6 placed at 16" centres and are held in place by iron anchors without nailing resting also on sub-sills.

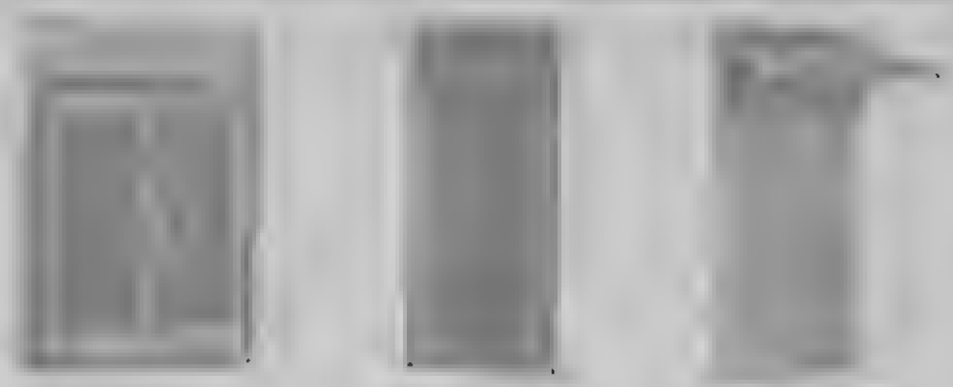
FLOOR SECTIONS are 3' 2" wide of ⅞" tongued and grooved pine or spruce battened arranged for placing on joists without nailing. Double floors with insulation paper between are used with lined buildings when required.

GARAGE FLOOR SECTIONS are similar, of 1⅛" material.

WALL SECTIONS are ⅞" thickness dressed and matched siding of special design secured to upright and outside battens, so placed as to form lock joint between sections. Width 3' 2", height 8'.

STANDARD COTTAGE WINDOW SECTIONS have a window 2' 6" wide x 3' 3" high, having French casement sash glazed, hinged at bottom swinging in and secured with hasps. Provision is made for full size wire sliding screens and for [illegible] blinds which are accessories. For export, glass and parts are packed in cases.

BRANTFORD SECTIONAL BUILDINGS



with Screen Door Etc.

FRESH AIR WINDOW SECTIONS have an opening 2' 6" [illegible] hutters and screens or sash. Sashes are single lap resembling our standard windows hinged at bottom to swing in. Shutters are of dressed and matched boards hinged at top to swing up and out supported with iron braces to form awnings.

SPECIAL WINDOW SECTIONS for store and office buildings, poultry houses, are supplied to give greatest utility in the special requirements of these lines.

OUTSIDE DOOR SECTIONS are fitted with panel doors 2' 6" x 6' 2" x 1⅜" hinged and with hardware complete, one same as wall sections.

HALF GLASS DOOR SECTIONS are supplied with square glass at top for rooms requiring additional light.

FRENCH CASEMENT DOOR SECTIONS, either [illegible] are supplied when desired. Glass is full length divided into 8 lights each door.

CHURCH AND OFFICE DOOR SECTIONS are furnished with bracketted hood for either single or double door section.

[illegible]AGE DOOR SECTIONS measure 8' x 8' [illegible]" thick, each having nine lights, glass [illegible] Special sections are furnished to form supports for doors and to complete front of garages.

INSIDE WALL OR PARTITION SECTIONS are similar to outside wall sections and are of [illegible] height and are interchangeable. If partitions are desired full height to roof, upper panels are supplied.

INSIDE DOOR SECTIONS are furnished with cross panel doors 2' 6" x 6' 2" hinged and with good latch lock.

END GABLE SECTIONS are furnished full width of building, provided for a roof pitch of 9" rise to width of each wall section. Gables are fitted with small hinged sash windows with catches for opening to provide ventilation.

CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

CLOSED ROOF TRUSSES are supplied for support of roof when same are set for cross partitions. These are of tight board sheeting.

OPEN ROOF TRUSSES may be supplied and are of open frame work, for similar purpose.

INTERIOR TIMBER ROOF TRUSSES are used when width of building necessitates. These are supported on side posts and brackets and securely bolted.

WALL PLATES, size 3" x 4" are set on top of wall sections, bolted at corners, spliced where necessary, grooved to secure both wall and roof sections.

ROOF SECTIONS are of 5/8" matched boards 4' 2" wide running full length from ridge to eaves. This boarding is covered with three-ply Brantford green or red Slate Roofing. Roofs are absolutely weather proof and fire-proof.

RIDGE of building runs full length, spliced when necessary, secured to end gables, grooved to hold upper end of roof sections.

PURLINS in the wider buildings—these run lengthwise from end gables supported on trusses to give added support to roof sections.

RIDGE BOARDS of standard design are set over top joints of roof sections to make perfectly tight and weather proof.

LEAN TO ROOF SECTIONS are used for roof of kitchen or shed when these are desired to be adjacent to the main building.

CORNER BOARDS are supplied to fit over wall section joints at outer corners of buildings.

OUTSIDE STEPS are supplied 4 ft. long with all buildings for exterior doors. Steps at Verandas are supplied in width for one, two or three sections.

CHIMNEY STACKS of galvanized iron are provided in quantity as the size of building requires. These flashing at roof as fire and weather protection.

GANGE RUNWAY or runway of 2" planks making proper approach to doors for cars is included with garage buildings.

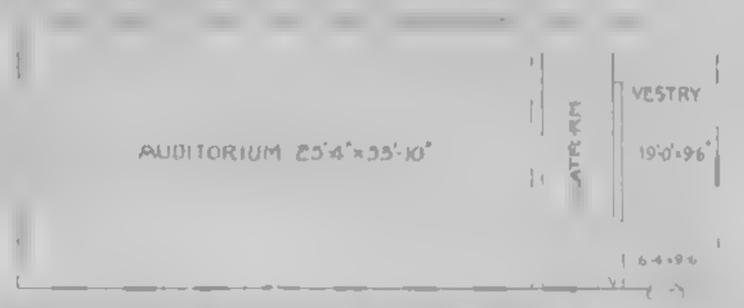
PAINTING. The exterior of all buildings is given one primary coat white lead and oil unless special order is reserved for further treatment.

Bungalow, Brantford, Ont., A. H. Smith

CHURCH BUILDING AT MONTREAL QUEBEC

For Presbyterian Church, Cor. Ontario and Juliette Streets. Rev. W. R. Cruikshanks Minister

Brantford Sectional Buildings solve in many cases a vexed problem for suburban churches and missions, as they may be erected on rented or temporarily vacant land and be easily removed to another site. Such buildings are attractive in appearance, roomy, comfortable and adapted for use at all seasons of the year.



Indian Affairs. (RG 10, Volume 6224, file 492-5, part 1)

BRANTFORD SECTIONAL BUILDING

SCHOOL BUILDING WINDSOR
ONTARIO

Submitted on Assumption St. Windsor Board of Education

This above illustrates a type of one room school, pro vid ng ample accomodation for at least 40 pupils with coats room and class room

Brantford Sectional School Buildings of this type provide a community with a school at very moderate cost, one that is well ventilated, bright and cheerful. They can be procured on short notice and be quickly erected and may be readily removed to a new loca tion or sold when conditions warrant a larger or more permanent build ng. Note placing of window sections to give continuity of light

This building is situated on Barton St., between Sherman and St Ann's Sts Flour plan shows class rooms in each end of building with cloak room across centre, giving entrance and exit from either side

Brantford, March 7th, 1918

DEAR SIRS

On behalf of the Board I desire to express our very great satisfaction at the Two Room Portable School building which your Company has lately completed on the premises of King Edward School

Not only are the Board well pleased but the teachers and scholars and parents are of the same opinion

onsequent upon the present abnormal conditions both as to labor and material and the high rates of interests prevailing, this Board is of the opinion that schools of this class are very much cheaper than attempting to build permanent structures

Yours Truly

[illegible] Enclosed herein the report of your inspection of the Six Nations' Indian Day Schools of the 26th ultimo that the outbuildings at the No. 11 school are in need of repairs. Please take this matter up with the new council and with the school board and arrange to have any repairs required carried out.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

DEPARTMENT OF INDIAN AFFAIRS.
CANADA

The Department has approved of the Six Nations Band Council's resolution to build a second classroom and a residence for two teachers at the No. 11 School. The authority of His Excellency in Council to use Band Funds is being secured (File 7626-4). I know of no reason why the building or buildings should not be placed on the same lot as the present classroom. One and one-half acres have been held here for many years for school purposes.

The second classroom is badly needed, as there is an enrolment of 73 children. In 1922, consideration was given to the purchase of a portable classroom. The Deputy has approved of the work being done on a day labour basis, under your supervision. I have examined the files and I find that accommodation for 30 children should be provided in the second classroom and accommodation for two teachers in the residence. There are 44 seats in the old classroom, which should be used in future as a junior room, and the new building with accommodation for the 30 as a senior room.

As Band Funds are being used and as the School Board is taking an active interest in education on the reserve, I believe it advisable to secure the cooperation of the local Trustee, as well as the Indian Superintendent, when you examine the site, make arrangements for the labour, etc.

Indian Affairs. (RG 10, Volume 6224, file 492-5, part 1)

Ottawa, April 28, 1925.

re No 11 School SIX NATIONS Reserve.

Sir:

Mr. Scott.

I beg to report that on April 20th I visited the site of the proposed addition to the No 11 school on the Six Nations reserve. I obtained the information necessary for the preparation of a plan to provide an additional classroom and teachers' residence. The work on this building will be undertaken when the new No 6 school is complete, as we wish to use as much of the old material from the No 6 school in the building of the addition to the No 11, as possible.

DEPARTMENT OF INDIAN AFFAIRS.

CANADA

October 13, 1925.

With reference to the labour on the following of numbers 6 and 11 schools on the Six Nations Reserve, and also the painting of the interior of the other day schools on the reserve, Col. Lyman, Indian Superintendent, sends me the following figures covering the labour to various dates to date:

Pay-sheets forwarded for Nos. 6 and 11 up to Oct. 3rd,- $ 30.00
Pay-sheets in office,- -
Painting five schools, - -
Making a total of , - - - - - - - - - - - - - - - - - - -

Advances to date, - - $ 0.00
Making a tal. due of - $ 0.0

In addition to this there will be required $ 0.00 to complete the labour on No. 11 school.

If the time sheets have been received and are correct, covering the above mentioned amounts, Col. Lyman should be forwarded a cheque to cover the amount over and above the advances, and also a cheque for $ 0.00 for completion of labour on No. 11 school.

Department of Indian Affairs,

Ottawa,

I beg, herewith to enclose vouchers of expenditure in connection with the above therebeing one more not yet received for completion of yard cleaning and making paths in No. 11 school yard.

I am submitting a balance sheet with the balance of the vouchers, for which I have not yet received credit, which will, I trust explain itself. The item of $113.23 shows in the figures I gave Mr. Orr should not have appeared.

A cheque was drawn to pay workmen and was found to be for too much so the surplus was paid back into the account at the bank.

You will see that the Department failed to credit $104.03 sent on September 14th. and three vouchers Mr. Orr took back with him on September 10th. in all $[illegible].13. Since then I have paid $711.63 and there is a total credit to me of $1047.69.

CANADA

Mr. Scott,-

For the erection of new schools and repairs
obtained, providing $11,000.00 from the capital funds of the Six Nations to have this work done. On these schools there has been expended $11,455.84, so that it was necessary to pay $455.84 from interest funds in order to recoup Lieut.-Col. Morgan for outlays made by him. It is desired to know if an Order in Council should be obtained to pay this balance from capital funds.

I may say that the cost of furniture for the schools has been made a charge against interest funds of the Six Nations and capital funds have been used entirely for building, repairs, painting, etc.

January 2,

Dept. of Indian Affairs,

Ottawa, Ont.

Gentlemen:-

We to-day received, for which accept our thanks, your cheque for $79.74 and have placed this to the credit of your account.

According to the notation on the cheque you had intended this to cover invoice of December 10th. We think probably you refer to our statement of December 10th as we cannot find any invoice for you under that date and the statement of December 10th amounts to $79.64. On December 24th, however, we received a cheque from you for $59.64 which we placed to the credit of your account in full settlement of invoices of September 5th $54.73 and September 12th $4.91, which two invoices were embodied in our statement referred to above so that you have overpaid to this extent which you can verify by referring to detailed statement enclosed. You will be at liberty to deduct this from your next settlement or if you prefer we will mail you our cheque in settlement.

Yours truly,

CANADA FURNITURE MANUFACTURERS, LIMITED,

Attention Mr. Orr

November.24th. .. 1927.

The Secretary,
Department of Indian Affairs,
Ottawa,

Dear Sir:- "No. 11 school Six Nations".

The work for which I attach an account for $48.00 was due to the bulging of the wall of No. 11 school about which I spoke to Mr. Orr this summer.

It was done by Indian carpenters, who had been employed by the Department before and whose work there was no reason to doubt. Investigation showed that the boards were carelessly and indifferently nailed and it was necessary to pull off the outside boards to ascertain the trouble and renail the inner boards.

As there was some discussion and dispute at the last Council meeting regarding approval of this account I decided to send it direct to the Department with this explanation.

Indian Affairs. (RG 10, Volume 6224, file 492-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES

I beg to report that at my recent inspection of the Six Nations Schools and classrooms I found the following matters requiring immediate attention:

School No. 11 - Senior teacher, Miss Violet Hill
Junior " , Miss Mina Hill.

Satisfactory except that the outhouses are much too close to the school and to the teachers' residence.

The teachers complain both of the odour and the multitude of flies.

These outhouses should be moved away altogether.

Sir

I have the honour to submit for the consideration of the Department the following statement of the Teachers salaries in the Mohawk Institute for the year ending 30th June 1899.

Teachers salaries ... $1,000.00

Deduct one third of the salaries of the Teachers of the Girls Department ... 333.33

Leaves ... $666.67

Deduct one half of the salaries of the Teachers of the Infant Department ... 333.33

Leaves ... $333.33

Deduct one half of the salaries of the Teachers of the Boys Department ... 333.33

Leaves ... $333.33

Deduct one half of the salaries of the Teachers of the Intermediate Department ... 333.33

Leaves ... $333.33

Deduct one half of the salaries of the Teachers of the Senior Department ... 333.33

Leaves ... $333.33

[illegible] 24th October, [illegible]

Sir,

Referring to that portion of the Minutes of the Six Nations Council referring to the qualifications of teachers for the Board schools, I beg to say that the Department approves of the action taken by the Council in authorizing the extra expense entailed in obtaining properly qualified teachers. It also approves of such action but, taken by the Board, as may be found wise, towards the employment of better teachers at a salary not to exceed $[illegible].00.

I would recommend that you will not approve of the Chiefs' request,but for the present to be contented with the management of the Cree-Saulteaux School,the other Schools will continue under the management of the School Board and would ask the Chiefs to erect a School at what is called "Elliot's Corners" and place the management of the same over to the School Board to control. I am satisfied this can be a successfully carried out and will be to the best interest of education of the Reserve."""

[illegible]

[illegible] signed petition was presented to the Chief at Council on this day. Council meeting held on the 3rd. of February last, which I was pleased to be present. The Chiefs granted the petition which I forwarded to you with my letter of the 4th. Council meeting on this School matter last, I recommend that a new School be granted at once to be known as Talbot Crossing which is [illegible] south of the old Chief's School would be in a centre of a section where at present the most ill be busy settlers. I received the attached letter from Mr. [illegible] who resides ½ of a mile from Talbot's Corner. At the present time his children are three miles from the Chief's School, which is their proper School to attend. I again beg to recommend that you approve of my recommendation of the 10th. of February last.

school reopened. The teachers of the
Ohsweken school have agreed to

Department of Indian Affairs.

OTTAWA, 2nd July, 1904:-

The Deputy Superintendent General:-

Mr Supt.Cameron reports that the Six Nations Chiefs in Council have decided to re-open the Thomas school and recommends that the Department approve of their resolution to this effect. When the new school at Ohsweken was built it was upon the understanding that the Thomas school was to be closed and it has not been carried on since then. The Superintendent states that the Ohsweken school is over-crowded and that it is advisable to re-open the Thomas school. In view of his recommendation I would suggest that you approve of the action of the Chiefs.

Ottawa, October 4, 1911.

Sir,

I beg to acknowledge the receipt of the quarterly return of the Western School on the Tyendinaga reserve, as well as a requisition for teacher's salary for the quarter ended September 30th, last.

You will be good enough to inform the Department at once upon whose authority Miss Annie Terry was appointed teacher of this school, also as to her qualifications, age, experience and salary. The requisition calls for payment of her salary at the rate of $550.00 per year, one-half of which is to be paid by the white trustees and the balance from the funds of the Tyendinaga band.

Till the information asked for above is received the salary for the September quarter cannot be paid and in this connection it is your duty to inform the Department promptly of all increases in salary or any changes in teachers that may occur on the Tyendinaga reserve.

Miss Terry being a new teacher can only be paid for the 14 days which she taught this school during the above quarter, but should she complete a full year at this school and teach the required number of days she will, at the end of the school year, receive any balance due to complete the Department's share of her yearly salary.

Your obedient servant,

J. R. Stainton, Esq.,
Indian Agent,

Sir,

I have to acknowledge the receipt of your letter dated in reference to the engagement of a teacher for the Eastern School on the Tyendinaga Reserve.

In reply I beg to say that this action should not have been taken by you without consultation with the Department. Not only have you engaged a teacher, but you have also increased the salary without any authority. The Department must insist in future upon these matters all being submitted to it before final action is taken.

The same remarks apply to your action in reference to increasing the salary of the teacher at the Eastern Tyendinaga School.

Tyendinaga, January 10, 1912.

Referring now to yours of December 12th, No. 103405/1, in reference to the engaging of teachers for the Eastern Brick School I beg to inform you that I had engaged a teacher as per your instructions, but on her entering upon her duties I found that the Indian trustees had already engaged a Mohawk boy, who had only served one term at the High School some eight years ago with poor success, consequently has no qualifications. Now being under contract to engage qualified teachers for this school, his services should be dispensed with. Miss Mildred Thompson, whom I have engaged, is the holder of a limited Third class certificate.

Your obedient servant,

Indian Agent.

Ottawa, February 7, 1914.

Sir,

In reply to your letter of the 2nd instant in reference to the appointment of a teacher for the Western School on the Tyendinaga Indian Reserve I beg to say that the engagement of Irvine Brant by the trustees without the approval of the Department was most irregular.

Mr. Agent Stainton reported on the 4th of December, last, that there would be a vacancy at this school after the Christmas holidays and he was instructed to obtain a qualified teacher for the position. He advised the Department that Miss Thompson, the holder of a limited third class certificate, had been engaged and the Department confirmed the appointment.

Brant's name had not been submitted to the Department and, as he holds no certificate, he would not have been accepted when a qualified teacher was available.

Any embarrassment that has arisen would have been avoided if the trustees had adopted the proper course and made their recommendation through the Agent for the Department's action.

Your obedient servant,

Assistant Deputy and Secretary.

Jr. Thompson Esq.,
Toronto, Ont.

153808/1

Ottawa, May 10, 1912.

Mr. Pedley,-

As directed by you I went to Belleville on the 3rd instant and met Mr. Clark, the Public School Inspector, on Saturday morning and went into the question of the Indian schools on the Tyendinaga Reserve, which are in his inspectorate, and particularly with regard to the dispute between the Indians and Mr. Stainton, the Agent, regarding the appointment of a teacher for the Eastern Brick School, which is a joint white and Indian School.

Mr. Stainton appointed a Miss Hildred Thompson and the Indians put an Indian named T. Irving Brant, who took charge after the Christmas holidays and has been teaching ever since. Mr. Stainton wrote to the Department that Miss Thompson was the holder of a limited Third-class certificate and that Brant had no qualifications! On the strength of his representations the Department decided that the school should be handed over to Miss Thompson and that Brant should be dismissed. The Chiefs retained Brant and my instructions were to find out how the case stood.

Mr.

Indian Affairs. (RG 10, Volume 6225, file 494-1, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Mr. Clark, the Inspector, told me that Miss Thompson holds no certificate and, while Brant is not properly qualified, he had four years' training in the high school and only failed in one subject (Literature) in his examination for a Second-class diploma and that of the two teachers there was no question as to Brant's being the better. Miss Thompson had previously taught an Indian school and her services were dispensed with.

On going to the reserve on Tuesday I met the Indian Council, all of the five Chiefs being present. I did not find it necessary to have a lengthy discussion on the merits of the two teachers, as Mr. Clark had furnished me with a letter from Mr. Stainton to him, which was written on the 12th of March, in which he asks Mr. Clark to grant a permit to Miss Hildred Thompson, although he had stated in his letter to the Department of the 10th of January that she was the holder of a limited Third-class certificate. I showed this letter to Mr. Stainton as well as one from the Deputy Minister of Education addressed to Mr. Clark in which Mr. Colquhoun stated that no temporary certificate in favour of Miss Thompson for the current term had been issued by his Department. These two letters show that Mr.

to

Indian Affairs, (RG 10, Volume 6225, file 494-1, part 1)

www.collectionscanada.gc.ca

to the Department and if it had been aware of the true facts of the case Brant would have been appointed. I called at the school on two occasions. The first time Brant had 32 pupils present and on the Wednesday there were 39, which is evidence that he is popular among the Indians. I consider that Brant should be allowed to stay on till the end of the term and that Mr. Stainton should be so advised.

Report of Inspector M.J.Clarke on the Fraters School——————Tyendinaga.

School closed for 27 days in January. Some means should be taken to force these people to send their children to school. There is a great waste in maintaining schools and then allowing so large a percentage of children to lose the benefits. For the 42 sittings days that this school has been in operation since June the average daily attendance has been less than 50% of the registration, and the teacher informs me that there are at least 10 others of school age not registered at all.

EXTRACT

ARRIVAL ON FILE....15[illegible]/6

[illegible] OF INSPECTOR H.J.CLARKE ON THE TIT-BINAIA PAPIGON SCHOOL.

In this school of the children regularly enrolled and making a pretence of attending, 2 have been present on 5 days, 2 on 6 days, 3 on 7 days , 1 on 12 days, 2 on 14 days, 2 on 15 days, 2 on 19 days and 1 on 20 days since Xmas.

About 12 are fairly regular in attendance.

I saw children of school age playing in the lot next the school. The teacher says they are not ill. They should be made to come to school.

Irregularity ruins a school.

Report dated,- June 1st, 1910.

Indian Affairs. (RG 10, Volume [illegible])

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Extract from report of Inspector W. J. Clarke on the Eastern Super-
intendency, dated Sept. 17, 1917. Original on 15763-4/5.

In first book I found 5 pupils in one class and no two reading the same lesson. Discipline is weak. Teaching is poor. Pupils waste a lot of time at seats for want of proper seat work.

Your shade trees should be mulched. If this had been done earlier you would not have lost so many at the Central School.

W. J. Clarke,

Inspector.

Gentlemen: Referring to your favour of May 28th # 153984-6 I am enclosing herewith the application of Miss Warren on the Tyendinaga Reserve.

Miss Warren who is doing excellent work for you at the Central School told me that she was afraid that she would have to give up so as be moved to the Eastern School which will enable her to go home every night.This arrangement would retain her services on the Reserve.

I do not know of a qualified teacher to fill the vacancy,and would advise that your Agent advertise for a teacher.

In reference to your favour of May 28th # 153984-6 in regard matter.I explained to her that I had nothing to do with the matter but would mention the fact in my report to your Department. The fact that her a letter signed by your Agent offering her the school at $500 dated about the letter,and it is perfectly clear that she expected to be paid at the rate of $500 from the beginning of her contract.However it is none of my affair,and I have done all that I promised to do,viz called the matter to Yours attention.

Yours respectfully H. J. Clarke

Ottawa, June 5, 1918.

Sir,-

I have to acknowledge the receipt of your letter of the 31st ultimo in regard to securing a teacher for the Eastern school on the Tyendinaga Reserve and stating that you understood Mr. Agent Campbell to say that he was recommending that Miss Warren, the teacher of the Central school, be moved to the Eastern school.

In reply I beg to say that, if Miss Warren wishes to be transferred to the Eastern school, the Department will approve of this and Mr. Agent Campbell is being informed accordingly.

In reference to the last paragraph of your letter in regard to the amount of salary paid Mrs. Grant, the teacher of the Mission school, I beg to say that the Department was not aware when her appointment was approved of that Mr. Campbell had offered her the school at $500.00 per annum. The Agent was written to in connection with this matter and stated that he had offered her this amount and a cheque for the balance due her at this rate has been sent to her.

Ottawa, June 12, 1917.

I have to acknowledge the receipt of your letter of the 7th instant, in which you state that Miss Warren, who is at present teaching at the Central Tyendinaga School, is willing to take charge of the Eastern School after the summer holidays.

In reply I beg to say that the Department approves of Miss Warren taking charge of the Eastern School after the summer holidays.

Kindly let the Department know as soon as possible whether you receive any applications for the position of teacher of the Central School, as it may be necessary to advertise for a teacher for this school.

Your obedient servant,

Asst. Deputy and Secretary.

PULLIC

Extract from letter from Miss Flossie Hall,

r of the Tyendinaga Eastern School, Deseronto, Ont.,

dated June 1, 1918. Original on 50,250.

And also tender my resignation of the Eastern Brick School, Tyendinaga Reserve.

I have already made up part of the time lost in February when the Govt. closed the schools to conserve fuel, so my resignation will take effect sometime in July, when I have completed the month's time lost. As Decembers salary was withheld, I presume you will include it in my next cheque, as I put all my available funds in war bonds.

Ottawa, May 2, 1920.

I have to acknowledge the receipt of your letter of the 29th ultimo enclosing your monthly [illegible] quisitions for school material for each of t[illegible] on the Tyendinaga Reserve. These will be dealt with in separate communications.

It is noted that the teacher of the Eastern School requests that a quantity of earth be put in the circle between the walks for the purpose of flower beds. You should have furnished an estimate of the cost of having this work done. You will be good enough to state what it would cost to have this earth supplied.

[illegible] of the Eastern School is received with thanks.

[illegible] repairs which you consider should be done to the Western and Central Schools in order to put them in good condition for the coming winter. You should state definitely the repairs needed and the probable cost of the same. This information should be given for each school separately.

Your obedient servant,

Ottawa, September 28, 1920.

Mr. Agent Campbell, Deseronto, forwards a request from Miss Lena J. Warren, teacher of the Eastern School on the Tyendinaga Reserve, for an increase in salary. She is [illegible] of $150.00.

Miss Warren has been in the employ of the Department since January 1st, 1917. She was first appointed at [illegible]

years' experience as a teacher and has an enrolment of [illegible] with an average attendance of 22. The Agent recommends that her salary be raised to the same amount as the teacher of the Central School, namely,- $650.00 per annum. He states that she has a larger attendance than any of the other teachers and that she is by far the best teacher we have on the reserve. Mr. Public School Inspector Clarke states that she is a very efficient teacher and is giving good satisfaction.

I would recommend that her salary be increased by $50.00 from the first of the present school year.

OTTAWA, February 6th, 1922.

Sir, -

I have to acknowledge the receipt of your letter of the 22nd instant, enclosing the resignation of Miss Lena Warren as teacher of the Eastern School on the Tyendinaga reserve to take effect March 1st, next.

In reply I beg to say that the resignation of Miss Warren is accepted from that date. The Department is sorry to lose Miss Warren's services, which have been satisfactory.

I have also to acknowledge the receipt of application of Miss M. H. Stoddart for the position of teacher to succeed Miss Warren. The Department will be pleased to accept the services of Miss Stoddart to begin duties on the 1st of March, next. The salary allowed her will be at the rate of $650 per annum, together with any bonus provided by law.

The qualifications which Miss Stoddart possesses are satisfactory, it being noted that she has given satisfaction as teacher in a white school. You will be good enough to inform her of her appointment and arrange with her to take up duties as soon as Miss Warren leaves.

Miss Warren should prepare a return showing the attendance, days taught, etc., by her during the months of January and February. This return should be handed to you for transmission to the Department in order that payment of salary and bonus due can be made.

Regarding the bonus, I beg to inform you that this will likely be continued to teachers in Indian day schools during the next fiscal year. If not provided specially by Parliament, some other appropriation will in all probability be called upon to provide the funds required. In any event, the Department will guarantee Miss Stoddart $800 per annum for her services.

I will be pleased if you will inform me later of the date upon which Miss Stoddart begins duties.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Dear Sirs:

Re: Flossie Madeline CHALMERS.

I act for one, Flossie Madeline Chalmers, nee Hall, and we require proof of her age, so that she may obtain her Old Age Pension.

I understand that she was a teacher at the Tyendinaga Indian Reserve at Deseronto, Ontario, sometime between the years 1914 and 1918, and I would appreciate any certificate which your Department could supply showing her age, so that I might apply for this Old Age Pension.

Yours very truly,

DBGood

OTTAWA, July 27th——1903.

Sir:-

I beg to inform you that the Steinberger, Jendry Co., of Toronto have advised the Department that in August 1901, they received an order signed by David Jamieson of the Tyendinaga Indian Reserve, Secretary to the Trustees of the Eastern Mohawk School, Section 15, Township of Tyendinaga, for a map of the world at $4.50: and that although this firm has repeatedly written asking for payment, no attention has been paid.

It is desired that you will make enquiries in this matter, and ascertain whether the map has been received and reasons for non-payment therefor.

Your obedient servant,

Secretary.

EX'D

Ottawa, June 6, 1907.

Jr. Public School Inspector Clarke in his report on the Tyendinaga Brick school calls attention to the need for repairs to the boys' closet; for the painting of the building; and for a flag staff. He states that the building is uncomfortable and requires considerable repairing. The Department would like to have a report from you on the recommendations of the Inspector.

The school is in need of a clock and a thermometer, which you may purchase. The price of the former should not exceed $3.00.

The Inspector says that the teacher of this school has considerable difficulty in getting the children properly supplied with books, and he thinks it would be advantageous to have the Department supply them. If the Tyendinaga Council thought it preferable, the supplies for all the schools could be ordered by the Department [redacted] and forwarded by mail. This matter might be brought to their attention for consideration.

Your obedient Servant,

Extract from Mr. Inspector Clarke's report on Eastern Tyendinaga School, dated December 4, 1911. Original on 153808/6.

New floor is needed! Closets are not at all satisfactory, particularly the boys' closet, which is filthy, the door off the hinges and the walls disfigured with very improper remarks. I reported on this at my last visit and matters are not improved in any way.

If the caretaker's duties are not clearly defined they should be. Is it intended that the children do the sweeping and cleaning? Fires are not always satisfactory mornings. This building is not wind-proof.

Ottawa, December 18, 1911.

Sir,

The Department is in receipt of Mr. Inspector Clarke's report on the Eastern Tyendinaga School. He states that a new floor is needed and that the closets are not all satisfactory, especially the boys', which is said to be in a filthy condition; the doors are off the hinges and the walls disfigured. Mr. Clarke also refers again to the defining of the duties of the caretaker. He asks whether it is intended that the children should do the sweeping and cleaning. As it is at present the fires are not always satisfactory in the morning.

It will be necessary for you to see that the closets are cleaned and repaired during the Christmas holidays. You will also obtain an estimate of the cost of flooring the building and I would ask you to report upon the duties of the caretaker. The Department does not approve of having this work done by the pupils and it may be necessary to make other arrangements. Kindly give this matter prompt attention.

I have to acknowledge the receipt of your letter of the 22nd instant which only reached the Department yesterday calling attention to certain necessary repairs to the Eastern Brick schools on the Tyendinaga Indian Reserve and in reply I beg to say that the following telegram was sent you to-day: "Have birch floor for Eastern School laid at once: Writing" The door should be repaired and the metal wainscotting put on before the school opens. The pointing of the foundation may be done as you suggest, but it should be attended to before the cold weather sets in. You have made no mention of the removal of the closets to higher ground. This should be done at once.

Ottawa, November 7, 1912.

Mr. Pedley,-

Mr. Agent Stainton, who was asked to state how many new desks are required for the schools in his agency, reports that about fifteen or twenty will be needed and suggests that they could be secured at about $1.00 per seat from the Belleville School Board. A new school-house is being erected there, which will be refurnished, and the old seats are quite suitable for the schools on the Indian Reserve.

I would recommend that Mr. Stainton's suggestion be carried out, as out of the number of desks to be discarded twenty first-class desks can no doubt be secured and as the price is so much below the ordinary cost quite a saving would be effected. These desks would be paid for out of the band funds.

Ottawa, March 6, 1913.

Sir,-

The Department is in receipt of a communication from Mr. Inspector Clark in reference to conditions at the Western Tyendinaga School. He refers again to the abominable conditions in the water closets, to the need of seating and blackboard accommodation and to the lack of proper arrangements for caretaking.

You should see that these closets are attended to at once.

You will also advise the Department as to the lengths of the blackboards required and state the number of rows of seats and the number of seats in each row needed to accommodate the children and an order will be placed for them by the Department.

The Inspector states that the building has not [illegible] that in your statement of the duties of the caretakers of [illegible] the floors is not included. This must be done at least [illegible] necessary arrangements accordingly. You should have this [illegible] schools re scrubbed at once, and the other three if necessary.

Original on file 157806-6

Building is not wind-proof. In a driving storm the teacher tells me that the snow drifts in around the windows.

Seats are poor affairs and should be replaced.

Closets are disgraceful.How can any teacher be expected t teach morality when the abominable decoration in these closets are allowed to remain before the children. I have reported on this so often that I am almost of the opinion that to report is useless.

Water-tank is still needed as bad as ever. A pail with a cover is almost as unsanitary as an open pail.

Blackboards in front of room are very poor.

There are some broken windows.

The Asst. Deputy and Secretary,
Dept. of Indian Affairs,

Referring to your letter addressed to me, dated May 6th /14, #153705-5, when at Deseronto I visited the school.

The Eastern School

The building is of brick erected 40 years ago, not at all modern, heated by stove, ventilation not good.

Blackboards should be sent by the Dept. The ones in use are not satisfactory, also map of the world is wanted by the teacher.

Should be painted inside and plastering patched.

The Agent should be instructed to have these repairs done during the vacation. New desks have recently been installed. There was an attendance of fourteen girls and nineteen boys, thirty-three in all which is very good forty-four on the roll. The teacher, Mr. Brant is a native of the Reserve and a good energetic man and well qualified and I consider he is doing good work.

DEPT. OF T

Inspector of Indian Agencies

ONTARIO, QUEBEC AND MARITIME PROVINCES.

Ottawa, Oct. 17th, 1914.

Memo to Schools Branch. 436686

With reference to your memorandum of Sept. 26th, I beg to report as follows.

The work done at the Western, Central and Eastern schools having been completed by Mr. Clement, I inspected same with the following result.

All the work done was found to be in accordance with the agreement with the exception of the roof on the Western School which was not satisfactory to me. I saw Mr. Clement with regard to this matter and he agreed to complete the work in accordance with my request. Some two or three boards on the inside were also badly sprung. I asked Mr. Clement to have these drawn into place.

At the Central school Mr. Clement performed the work agreed upon and also put new clapboards on the front and fitted one new sash and frame for one window. These two repairs were not included in the agreement but Mr. Clement stated that the repairs were so urgent that he took it upon himself to do the work. So far as the work is concerned I might say that it is well done. As the stove pipes at this school were in such a rotten state that it was impossible to start a fire without danger of burning the school, I asked Mr. Clement to take out ten lengths of pipe and one elbow and set up the pipes properly.

At both the Western and Central schools I considered that the coal bins should have a lock. I accordingly asked Mr. Clement to put a staple, hasp and padlock on these two bins.

Indian Affairs. (RG 10, Volume [illegible])

PUBLIC ARCHIVES

[illegible]

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

At the Mission school it was found necessary to place a new sill under the door. The rotten state of the sill was not visible at the time that the repairs were arranged so that this is an extra. This work had already been done at the time I visited the school.

At the Eastern school the repairs were still under way. As the plaster is to be repaired in a great many places and is now in a very dirty state, and as the woodwork is to be painted white, I thought that the repaired plaster should be kalsomined. To leave the ceiling with sommany repairs, some quite large, and paint the woodwork white, would make a very poor appearance. I took it upon myself to authorize Mr. Clement to kalsomine the ceiling.

I might say that the work done by Mr. Clement [illegible] satisfactory and that he appeared to be anxious to have all the work done in such a manner as would satisfy the Department in every way.

The Rathbun Co., in Deseronto and Mr.Kerr Shannonville were advised to start delivery of coal as ordered some time ago. A load of kindling wood for the Eastern and Mission schools was also ordered from the Rathbun Co.. There is sufficient at the two Western schools for the present time, there being a great deal of old shingles etc left from the repairs.

Attached, herewith, you will find a list of material ordered at Shannonville for the four schools in accordance with memorandum handed to me by Mr. Benson.

With

With reference to my instructions to the new Agent, M.. Campbell, as regards schools, I might say that I instructed him as follows.

Each of the four schools are to be visited once monthly. After each visit he is to forward a report to the Department on the forms supplied for that purpose. He was told that such visits were not expected to take the form of an actual inspection, such as is made by the regular school Inspectors, but that the visit would be more for the purpose of seeing that the teachers were supplied with necessary material, that buildings and equipment were in proper condition and that the schools were being properly attended and receiving the support of the Indians. It was pointed out that there had been certain friction heretofore which had interfered to some extent with the working of the schools. In this connection I told [illegible] so long as the [illegible] partment, he received his support, but that this need not interfere with him reporting to the Department any dereliction of duty on the part of a teacher.

As there was no caretaker for the Central School, he was instructed to have one appointed without delay.

[illegible] support on the part [illegible] I also told [illegible] chers at the two Western Schools that in case of neglect on the part of the Agent, they would do the Department a favor by reporting the matter.

Your obedient servant,

[signature]

P.S. All the teachers are expecting new blackboards.

REPORT OF INSPECTOR H.J.STARKE ON THE TERRITORIAL(FACTORY) POINT.

In making the repairs, the rear of the building was overlooked for there is a strong draught blows in behind the black board. Perhaps, re-pointing part of the wall would stop this or a coat of plaster could be applied behind the wall black board or even cement outside. Otherwise the building is quite comfortable but you understand that the light is not good and that there is no ventialtion except the windows.

Date of Inspection,- September 20th, 1915.

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Ottawa, October 6th, 1915.

In a recent report on the Provincial Western school, Inspector W.J.Clarke that in making repairs, the roof of the building was overlooked and there is a strong draught blows in behind the blackboard.

He recommends, either, that part of the wall be re-plastered, or a coat of plaster applied behind the wall or some covering outside.

You will be good enough to have what repairs are necessary, made before the cold weather comes.

Your obedient servant,

Assistant Deputy and Secretary.

DEPARTMENT OF INDIAN AFFAIRS

Ottawa, Ont.,

July 12th, 1918.

Mr. Scott -

Before commencing plans for school buildings on the Tyendinaga Reserve, it will be necessary to procure definite information respecting the sites that basement for heating and satisfactory drainage may be assured..

There is also doubt whether the eastern school is a baloon frame, veneered,or solid brick construction, and this must be determined before making plans for alterations.

The information could be procured and sketches made in one day or at the mosttwo.

The plans should be at once prepared, if work is to be undetaken this year. Should you approve of this, I will make the inspection on Tuesday next.

Architect.

Indian Affairs. (RG 10, Volume 6225, file 494-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES

CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

As instructed, I made an inspection of the four schools on the Tyendinaga Indian Reserve, on Tuesday, 16th instant, for the purpose of defining the exact condition of the several schools there, and more particularly the eastern one, that sufficient data would be available for use in the alteration of existing buildings or the building of new schools.

The eastern one is of solid brick construction, about forty years old and on the verge of collapse. No use can be made of any portion of the building as now standing, as there is no proper foundation under the walls, and these with the superstructure have bulged and cracked to such an extent as to render the walls useless and unsafe.

Indian Affairs. (RG 10, Volume 6225, file 494-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The bricks in this building may be re-used when building is torn down after the completion of the new building as will be necessary, but the cost of tearing down and cleaning of the bricks will be at least equal to the value of the product.

A new and larger school is necessary at this point and its erection should be undertaken at once, the old school being retained for use until the new one is finished and ready for occupation.

Owing to labour conditions at this time, which would unnecessarily increase the cost of a brick building, I would recommend that a frame one be erected, and that this work be proceeded with as soon as possible. The school to provide accommodation for fifty-three pupils, the number now enrolled.

The other three schools are of frame, all of similar design and all being in poor condition and will require rebuilding as soon as this can be undertaken, as the wal are all badly spreading, the building old, cold, poorly constructed, and without adequate accommodation.

Indian Affairs. (RG 10, Volume 6225, file 494-5, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The Mission school is in the best condition of the three wooden buildings and shows evidence of much better care than that of any of the others. The interior of this school is also neatly painted, both walls and woodwork, and should prove a stimulating incentive to the other schools.

Before building on the ~~north~~ school-site, it would be well to take a census of the residents of this section and determine if a different site would not be advisable. This matter will be more fully referred to in a separate report on the ~~north~~ school.

I also made an inspection of the Council-hall, as certain repairs are absolutely necessary there, also to the Missionary residence where the driving-shed requires a new roof-covering, the old covering leaking very badly

These matters will be more fully covered in a separate report on their respective files.

If you contemplate a new building at this part of the reserve would it not be a good time to consider the possibilities of consolidation. It may be that you could not carry it out, but it would be no harm to consider it.

Whatever you decide upon, keep it in mind that these schools are all of them too small particularly this one, where the population is considerable.

519852

Dear Sir:

Your favour of 12th., instant # 153805-5 received to-day, and apparently it crossed one that I wrote to you yesterday.

I have pleasure in indicating a few minor points, that in my opinion, will improve your plan for the new school to replace the eastern Mohawk School, Tyendinaga Reservation.

(1) Apparently it is intended to take the cold air from the school-room to the furnace, heat it and send it back to the room. This will be quite satisfactory in the morning before the room is warmed up and before the children assemble for study, but during the time that the school is in session, the air should be brought in from out-of-doors, warmed, and sent to the room. Otherwise the children will be breathing air more than once. I need not point out that passing air through the air chamber of a furnace, will not purify it. But it is not necessary to argue this point, for it is self-evident.

(2) I judge that this plan contemplates a platform for the teacher. This is not generally approved of at the present time. The teacher should not be elevated above her class. Lower your Black-boards to, say 30 inches from the floor, and omit the platform would be my advice. The width of Black-board is not indicated, but I assume that you will put in four foot slates.

(3) The lighting will be improved by omitting that wall between

Belleville, Ont., ... 191

the windows,and replacing it with steel uprights,I just forget the name given to them by builders.The idea is to have as little obstruction to the light as possible where the windows are situated,so as th avoid shadows.

(4) Would it not be possible to dispense with one of those entrances? Suppose you let the children enter from doors placed in the front,approximately where the plan shows windows to cap-rooms;place windows where the present plan shows entrances for the pupils;and do away with the central entrance altogether,replacing that door with a window.That would give a more satisfactory room for the teacher,which in the present plan will be largely a vestibule.The teacher can enter by one of the doors provided for the pupils,without any difficulty.This of course is merely a suggestion.

(5) Be careful that this basement does not go too deeply into the ground;at least two-thirds of the basement wall should be above the ground line.

(6) This plan of course does not suggest the tinting of the walls,but in arranging this,I hope you will be careful to choose proper tints.Some interiors of schools are positively painful to look at,let alone having to endure them continually.

(7) There is nothing suggested in the way of closets.The average school W.C. is an abomination.While you are about it,I trust that this very important matter will receive attention.Unless you adopt some form of chemical closet,such as the Kaustine Closet,I suppose that indoor closets are out of the question,but if they must be out-of-doors,let them be the best possible.I know of no greater menace to the children at the

children at the rural school, than the average W.C. It is possible to have a fairly satisfactory out-door closet, so far as the moral effect is concerned, by making it next to impossible to make the obscene decorations. The danger to health from exposure in cold weather however cannot be avoided.

Yours respectfully

Blue Print of Plan goes forward under separate cover.

Gentlemen:

I received to-day, Blue-Print of Plan # 419 presumably for a school to replace the present Eastern School on the Tyendinaga Reservation. I do not know just what your purpose was, in sending the plan to me, but if you desire them, I would be glad to make a few suggestions that in my judgment would improve the plan submitted.

If it is your intention to build this one-teachered school, I assume that you do not at this time intend to attempt any consolidation of your schools. As intimated on my report to you of recent date, there are difficulties to overcome in any considerable consolidation, and probably for some years to come, the system of four schools will better serve your purpose. I hope however that you will consider my suggestion as to getting your teachers trained to teach Agriculture, and Household Science also, if possible. These subjects would be beneficial, even if some of the so-called regular subjects have to be curtailed to make room for them.

Kindly direct me as to your wishes in reference to the above mentioned plan.

Yours respectfully

[signature]

Dear Mr. Scott -

As you are aware we have passed a resolution [illegible] for the erection of a new schoolhouse on our reserve. We have also passed a resolution requesting the expenditure of $1,200.00 for new bridges and we will require about $700.00 to repair the barn on the band's property. This is going to be a very heavy drain on our capital funds and we would be very much obliged if the Department would come to our assistance and bear a part of the cost of the school-house.

We trust you will be able to give us a favourable reply.

Yours very truly,

Chief Josiah B Brant
Colin Walker.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

522439

April 10, 1919.

MEMORANDUM:

Hon. Mr. Meighen,-

The eastern school, Tyendinaga Reserve, Ontario, a brick building erected about sixty years ago, is now, owing to serious settlement and cracks in the stone and brick walls, unsafe for further use, and cannot be economically repaired. Plans have, therefore, been prepared for a building costing $4500.00 to accommodate forty-three pupils, the number enrolled, and which has been approved by the Band in Council.

As the maintenance of roads and buildings and the erection of bridges in the reserve entails a considerable expenditure which is a heavy charge on their Capital, to assist them at this time, it is proposed that one-half of the cost of the building will be paid from the Band's Capital and the balance by the Department from the School Vote.

The school here is producing good results and owing to the condition of the old building, the new one is a necessity. I would ask your authority for this expenditure.

Duncan Campbell Scott
Deputy Superintendent General.

...ARD TENDER addressed to the undersigned, registered ...d endorsed on the envelope, "Tender for school, at Tyendinaga Indian Reserve, Ont.," will be received up to noon of the 23rd day of May next.

Plans and specifications may be seen at the office of the Indian Agent, Deseronto, Ont., and at the Post Offices at Belleville, Napanee, Trenton, and at the Department at Ottawa.

Each tender must be accompanied by an accepted cheque on a chartered bank for ten per cent of the amount of the tender, payable to the order of the undersigned, (War Loan Bonds of the Dominion will also be accepted as security or war bonds and coupons if required to make up an odd amount), which amount will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for.

The building to be fully completed and ready for occupation by the 1st day of September, 1913.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

HOW much higher will coal prices go?

That's a mighty serious question for some, but it needn't worry owners of the

Spencer
Steam or Hot Water
Heater

The "**Spencer**" burns the small, cheap sizes of hard coal, such as No. 1 Buckwheat and Pea.

No. 1 Buckwheat is known as a "steam size," costing $2 to $3 less per ton than domestic sizes. It is a by-product of the larger sizes.

Not being adaptable for domestic use except in a heater especially designed to burn it (as the "**Spencer**" is), it is dependent on manufacturing and other industries for its sale.

Here it must meet the competition of soft coal. If the price of Buckwheat were advanced even a few cents a ton, instantly manufacturers would turn to soft coal.

Thus, operators would have on hand thousands of tons of Buckwheat coal which they would be unable to sell.

In fact, No. 1 Buckwheat was not advanced following the recent strike.

Spencer Sectional Hot Water Heater

Indian Affairs. (RG 10, Volume 6225, file 494-5, part 1)

Here it must meet the competition of soft coal. If the price of Buckwheat were advanced even a few cents a ton, instantly manufacturers would turn to soft coal.

Thus, operators would have on hand thousands of tons of Buckwheat coal which they would be unable to sell.

In fact, No. 1 Buckwheat was not advanced following the recent strike.

Spencer Sectional Hot Water Heater

Because it successfully burns this small inexpensive fuel, the "Spencer" practically insures its owner against rising coal prices.

Not only this, but the "Spencer," by burning these small sizes, reduces coal bills ONE-THIRD to ONE-HALF on the present scale of prices.

It is likely to show a proportionately greater percentage of saving in the future.

A heater is a "long-term" investment. Do you want one that will double its cost by burning the expensive sizes of coal? Or a "Spencer," that will pay for itself in reduced coal bills in a few seasons?

Consider **before** investing what kind of coal a heater burns.

Spencer Tubular Steam Heater

THE water-jacketed self-feed magazine of the "**Spencer**" requires coaling but once in 24 hours in ordinary winter weather—twice in severe.

The coal feeds automatically upon sloping grates, which insure even depth of fire and perfect combustion.

The "**Spencer**" self-feed feature assures constant, even heat for from 8 to 12 hours without attention. It eliminates the necessity of a night fireman in flats, greenhouses, etc., and also enables residence owners to relieve the "women folks" of all care of the heater. In case of serious illness in the home this feature is **invaluable.**

The Canadian Laundry Machinery Co.

LIMITED

Head Office and Factory:

47-79 STERLING ROAD · TORONTO, ONT.

PRODUCTS—SPECIALTIES.

Laundry Machinery of every description

Complete laundry equipments for homes, hospitals, hote public institutions of all kinds, and for the Commercial laundry

Disinfecting plants for hospitals and asylums; Sterilizers and Washing Machines, in various styles and sizes, for handling contaminated and infected linen

FACILITIES.

We are unusually well equipped to supply your needs in anything pertaining to our line for the reason that we have an arrangement with The American Laundry Machinery Co., of the U.S.A., by which we are manufacturing under Canadian Patents, with Canadian labor and materials, their product in Canada thereby benefitting by their experimental and practical engineering and electrical departments

CO-OPERATIVE SERVICE.

The services of our Engineering Department are at your disposal. We will gladly furnish you complete plans and specifications for laundry equipment of any size, promptly, and on short notice. We are always glad to submit estimates on any contemplated work

MOTOR DRIVEN MACHINES.

The growing tendency in favor of Motor Driven Machines and their successful use is largely due to the practical work of our electrical department and in consequence our various types of motors are accurately fitted to the requirements of the machines for which they are specially designed

In consequence, we are in a position to guarantee the operation of both motor and machine, assuring that motor driven machines as furnished by us, represent the most efficient, compact and economical operating form of drive obtainable

WASHERS.

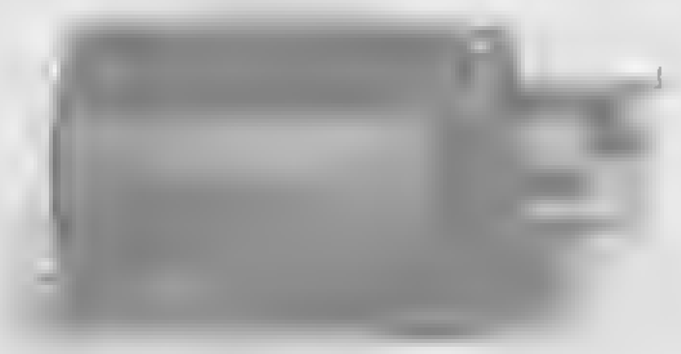
"Solid Head" Washers are mechanically made machines, liberal in every proportion that can influence a betterment in construction or produce a benefit in operation

The outer tub is constructed of either Galvanized or Brass Sheets. The head and feet are cast in one "solid" piece which supports the mechanism and cylinder

The Revolving Inner Cylinder is constructed of either wood or brass and is equipped with improved type of detachable sleeve journal bearings

We also build "Acme" Washers made with wood outside tub and wood inside cylinder, supported by independent iron frame

Both types of Washers supplied in End Header, Elevated Header and Motor Driven



"Solid Head" Washer

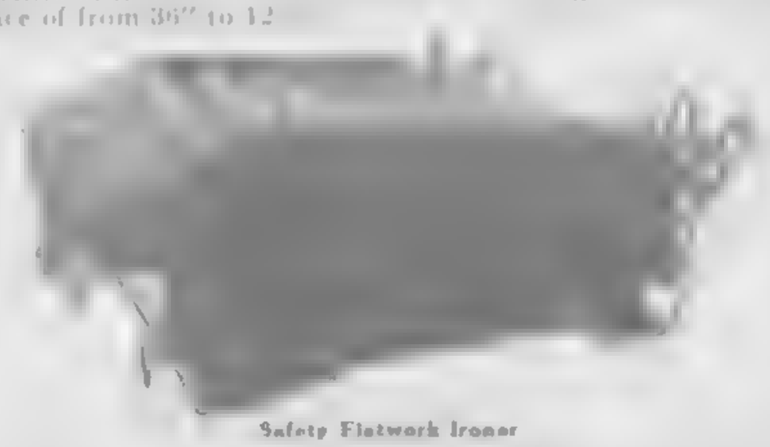
EXTRACTORS OR WRINGERS.

"Solid Curb" Extractors are noted for their easy running quality, freedom from vibration and their demonstrated labor and power saving. The curb is cast in one solid piece, as is also the base and machine provided with inner basket equipped with safety bumper ring. The spindle is provided with self oiling phospher bronze bearing Machine may be had with automatic safety cover incapable of being opened while machine is in operation. Furnished in 20, 26, 28 and 30" diam. inner baskets Angle Attached, Straight Attached, Detached Countershafts and Motor Driven

Solid Curb Safety-Cover Extractor

FLATWORK IRONERS.

"Hagen" Steam Chest and Padded Roll Type that does and irons all flat pieces such as Bed and Table Linen, etc., in one passage through the machine at different speeds according to varying size capacities of from one to six rolls and in varying widths of ironing surface of from 36" to 12



Safety Flatwork Ironer

All machines equipped with automatic safety guard located parallel to and near the first roll which stops machine before danger point is reached by hands of operator, also with safety feed device consisting of series of endless ribbons becoming in effect a solid apron by which goods are fed into machine faster and with less effort

"VENTO" DRYING TUMBLERS.

Drying is accomplished by forcing thoroughly heated air through the goods as they revolve in the inner screen cylinder

One of the most striking features of this type of equipment is that practically eighty per cent. of the heated air is continually used over again. The other twenty per cent. is drawn in through the four small openings in the lower front door. From here it passes through the fans where it is combined with the eighty per cent. of heated air coming from the cylinder and passes first through the two fine screen where all lint is removed The air then passes on and up over the steam coils at the back where it is thoroughly heated before passing into the cylinder containing the goods

Made in 40" diameter x 44", 54", 64", and 91" lengths of inner cylinders; we also make a smaller "Junior" type of machine

Mr Duncan C. Scott,
Deputy Superintendent General of Indian Affairs,
OTTAWA, Ont.

Dear Sir:-

We note that tenders are being asked for erection of two schools at Tyendinaga and Whitefish Indian Reserves.

We would appreciate it very much if you would advise us on the enclosed stamped postal, if the plans call for laundry equipment, and if so, if we may have the opportunity of figuring on same.

Thanking you, we are,

Very truly yours,

FAG/C.

File 153805

Ottawa, June 5th, 1919.

Memorandum:

Mr. Scott.

Plans and specifications have been prepared for a school building on the eastern section, Tyendinaga Reserve, necessitated by the extremely dangerous condition of the old building which is now unfit for use. Tenders were asked for by advertisements in Contract Record and four local papers circulating in that vicinity. Owing to the uncertain labour conditions existing at that time no tenders have been received.

As it is necessary to have this building completed for the re-opening of the school in September next, quotations of material removed from the demolished air service buildings on the reserve and suitable for this building has been received at a price considerably lower than the present market quotations; also an offer from Chief John Walker of this band for the erection of the building on the cost plus compensation basis at 8% of the cost of the building.

The Indian Agent reports that Walker is a competent builder and has successfully executed many contracts in that vicinity.

As it is necessary that the work should be undertaken as soon as possible, I would recommend that Chief Walker's offer for the work be accepted, using such materials as are available from the old school building, and that all other materials be purchased by the Department, this apparently being the most economical method of erecting the building.

Architect.

Sir,-

I beg to inform you that the Department accepts the offer of Chief John Walker to erect the Western School, [illegible] total cost of labour and material as stated in his letter.

The Department will purchase the materials and have these delivered on the site as economically as possible, so that there will be no delay caused by reason of lack of these supplies. You are also authorized to arrange [illegible] at the school site. With reference to this, I have to request that you will immediately notify them of this acceptance so that there will be no delay on their part in the delivery.

Further instructions in reference to this will be sent you within a few days.

Sealed Ten-

[illegible]

[illegible] addressed to the undersigned, registered and endorsed on the envelope, "Tender for school, at [illegible] Indian Reserve, Ont.," will be received up to noon of the [illegible]th day of [illegible] next.

Plans and specifications may be seen at the office of the Indian Agent, Tyendinaga, Ont., and at the Post Offices at Belleville, Deseronto, Trenton, and at the Department at Ottawa.

Each tender must be accompanied by an accepted cheque on a chartered bank for ten per cent of the amount of the tender, payable to the order of the undersigned, (The Loan Bonds of the Province will also be accepted as security or any bonds or cheques if required to make up an odd amount), which amount will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for.

The building to be fully completed and ready for occupation by the 1st day of September, 1919.

The lowest or any tender not necessarily accepted.

Ottawa, July 12th., 1935.

Sir,

I am in receipt of your letter of the 7th instant, together with the pay sheets, etc., enclosed relative to work done on the Eastain School building; and in reply I beg to say that a cheque No. [illegible] for $250.00 wherewith to meet expenditure in the way of labour has been forwarded.

With regard to payment for material, I beg to say that you should submit vouchers for the same to the Department and cheques will issue in settlement for the material supplied.

The account of $40.00 which you submitted for gravel drawn is receipted by Frank Grant, and yet you have asked that the account be paid. You should furnish an explanation in the letter. If Grant has been paid, you should obtain a receipt from him and [illegible] forward it to the Department.

It is observed from the labour return sheet for the week ended 4th July that some of the Indians are said to have worked 20 hrs. on Monday. It is thought that there must have been a mistake with regard to the entry and an explanation in regard thereto is required.

Your obedient servant,

Asst. Secretary and Accountant.

Sir,-

I beg to acknowledge the receipt of your letter dated 22nd instant in reference to twin shingles for roof of Tyendinaga Eastern School, and in reply to inform you that the Department prefers the green twin shingles instead of the four shingle.

Concrete steps may be put down instead of the wood steps shown as the materials for this work are more readily available.

It is noted that prices are being obtained for maple or birch flooring. The prices for this should be submitted to the Department for approval.

Your obedient servant,

Asst. Deputy & Secretary.

Sir,

I beg to enclose herewith blue print copies of details regarding the construction of wainscoting and matting around blackboards for the Eastern School, Tyendinaga Indian Reserve.

With reference to your remarks about the ceiling of the basement I beg to say that the joists are to be uncovered as they are now. As to the painting, the outside should be painted a light cream colour with brown trimmings. You will be informed at a later date as to the Department's decision regarding the purchase of chemical closets for this school.

Ottawa, September 11, 1919.

Sir,-

As the new Eastern School, Tyendinaga Reserve, is now complete except for the installation of furnace and the placing of blackboard, I have to request that you will have the school opened as soon as the notice of the opening can conveniently be made. The blackboard can be placed as soon as received. Tenders should at once be asked for the installation of the Gurney furnace specified, that this may be installed as soon as possible. The Department will not however [illegible] partment for consideration.

An inspection of the building will be arranged for at an early date.

Your obedient servant,

Asst. Deputy and Secretary.

Mr. G. M. Campbell,

Deseronto, Ont.

Dear Sir,

We are enclosing you proposal contract for furnace for th school.

We have figured on putting a register (hot air) into the west half of the basement, also a cold air front to th- furnace. The cost of this will not be a great deal and we are putting in dampers so that you need not use them unless you wish.

As you will note by the printed form the carpenter and mason work you are to furnish. There will not be very much of it as you know. Some one to be there while the men are at work.

Very truly yours,

Madole Hardware Co.

Ottawa, 13th November, 1919.

I beg to draw attention to the fact that upon two different occasions you submitted an account of $23.00 from Mr. J.F.McFarlane for nails supplied for building the new Eastern school, and consequently upon this account a duplicate payment was made. The account was first submitted under cover of a letter of the 8th August, 1919 and was paid by cheque No. 8287. The account was again received under cover of a letter of the 23rd September, 1919 and was paid by official cheque No. 4262. The Department desires to have you call at once upon Mr. McFarlane to refund $23.00 the amount overpaid which money you should forward here.

If the school building is completed, report to that effect should be made. I may also say that if any accounts remain unpaid in connection with the building, they should be submitted to the Department without delay.

Your obedient servant,

Asst. Deputy and Secretary.

J.D.Campbell Esq.,
Indian Agent,

In reply to your letter of Nov 18th 1909
Re the account of J F McFarlane. I have not
seen Mr McFarlane about his account but will
give you the dates of his accounts in my book
which I think are correct On July 5th Mr Walker
got 100 lbs of nails @ 5½ per hundred amounting to $5.50
and this account was sent to the Dept on Aug 8th
And on July 21st Mr Walker got 200 lbs of nails @ 5½
amounting to $11.00 and on Aug 9th Mr Walker got
lbs of nails @ 5½ per hundred amounting to $11.00 in all
which account was sent to the Dept Sept 03rd
on each [illegible]
$46.00 in all, but the first time I am at
Shawanville I will examine Mr McFarlanes
account. and report

The School House has been completed
and I have asked Mr Walker to submit all the
[illegible]
send them in in a few days
I have Mr Ogilvie to co
inspect the buildin
thing is alright.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, November 18, 1919.

Mr. Scott.

I beg to bring to your attention the following remarks which are mentioned in Mr. Clarke's report with reference to the inspection of the Eastern Indian School lately erected by this Department on the Tyendinaga Indian Reserve.

1st. The air for the heating system is taken from the class-room instead of having a separate intake in the basement as is usually done.

2nd. Down pipes should be connected to the eavestrough in order that the water may be drained to a certain distance from the building, instead of the present arrangement which allows the water to remain around the foundation of the building.

3rd. Window shades should be hung on the windows of the class-room.

4th. The arrangement of the seats is not properly made.

To remedy the above mentioned defects would require a very small expenditure. If funds are available, I would recommend that Mr. Campbell, the Indian Agent, be requested to have these attended to as soon as possible.

Your obedient servant,

Indian Affairs. (RG 10, Volume 6225, file 494-5, part 1)

November 19, 1914.

Sir,-

The Department has been informed through Inspector Clarke's report on the Eastern School, Tyendinaga Indian Reserve, that the following changes and additions should be carried out at this school.

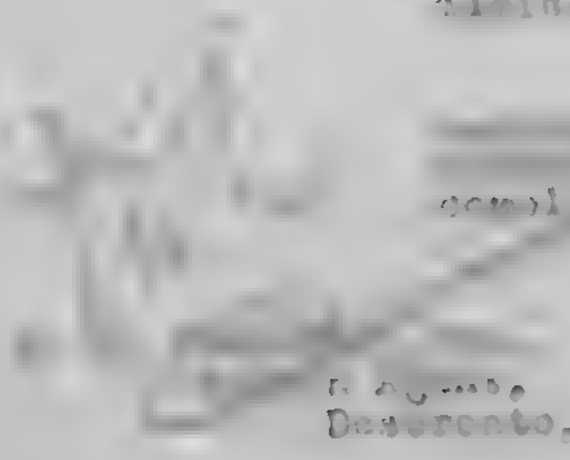
1st. The pupils' seats should be arranged so that those of the same dimensions be placed in the same row.

2nd. Window shades should be hung on each of the windows of the class-room.

3rd. Down pipes made of galvanized iron 4" in diameter should be connected to the eavestroughs and to vitrified clay pipes in order that the water from the roof may be drained away from the building to a distance of at least 10' where most suitable.

4th. A separate intake pipe should be installed in the basement in order to supply the hot air furnace with fresh air. The intake of this pipe should be placed in one of the cellar windows and made to open and close as may be desired in order to regulate the admission of air from the outside.

It is desired that you will have the above



carried

Ottawa, 16th December, 1913.

Sir:-

Referring to your letter of the 2nd instant, and the enclosure submitted in connection with labour and material used in the erection of the Tyendinaga Eastern School; I beg to enclose herewith a statement which shows the total cost of labour and material used on the said building. There is a balance due the Department in connection with the advance for labour. The return for the week ending 29th August amounts to $250.50 not $251.50 as shown in the statement which you submitted. The difference,(viz. $1.00) between the two amounts mentioned should be refunded to the Department.

The enclosed statement shows a balance of $[illegible] due Chief Walker for his work and a voucher covering the amount may be submitted for payment.

The total amount realized from the sale of unused material should have been sent to the Department and you should have submitted a voucher in your favour for the amount which you paid in excess of the payment which you received. In dealing with advances, you should be most careful to account for the same in a more explicit manner in order to avoid confusion.

Your obedient servant,

Indian Agent,
Deseronto, Ont.

Sir,

I beg to acknowledge the receipt of your letter of the 15th instant, addressed to Mr. Ogilvie, Architect of this Department, saying that a final inspection be made of the school building erected by you on the Tyendinaga Indian reserve, and in reply I have to inform you that an Officer of this Department will visit Deseronto about the end of this month in order to attend to this matter. The Department will notify you by wire of the exact date when this inspection is to be made in order that you might accompany this Officer to the building together with the Indian Agent.

It will not be necessary for you or the Agent to make the trip to Ottawa in connection with the proposed inspection will be discussed at the same time as the inspection is being made.

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Ottawa, January 17, 1920.

His Excellency

The Governor General in Council.

The undersigned begs to state that, owing to the unsafe condition of the building and the impossibility of it being repaired economically, it has been found necessary to erect a new school house to replace the old eastern school, on the Tyendinaga Indian reserve at a cost of $6718.87.

Owing to the fact that other heavy charges are being made against the funds of the Tyendinaga band for road and other work on the reserve, it is not considered advisable to encumber the band funds with more than half of the cost of the school building - the other half being charged to the Parliamentary Vote for Indian Education. This leaves the sum of $3359.44 to be paid from band funds on the construction of this building, by day labour.

The undersigned would accordingly recommend that, under Section 89 of the Indian Act, authority be given for the above mentioned expenditure of $3359.44 being made from the capital at the credit of the Tyendinaga band, which amounts to $60123.92, on the construction of the school building above mentioned.

Ottawa, January 13, 1920.

[redacted]. Scott.

As per instruction from your office I have made an inspection of the Eastern School on the Tyendinaga Indian Reserve, Ont., in order to investigate the remarks which have been made by the Provincial Inspector regarding certain improvements and repairs required at that school. The inspection was made on the 8th instant in company with Mr. Campbell, Indian Agent, and the foreman, Chief John Walker, who was in charge of the work.

Firstly. VENTILATION
The foul air register which is located near the floor in the chimney having a dimension of 10" x 12", is too small and should be replaced by a larger one having as a dimension 24" x 24". The cold air intake which is located in the floor on the west side of the class-room, is also being used as a fresh air intake. This not being advisable, I would recommend that a separate fresh air intake pipe be connected from the furnace to the east side wall of the school where the register could be located in the vestibule of the pupils' entrance, thus affording a suitable place which will not interfere with the proper operation of the hot air heating system.

Secondly. There are no blinds for the windows, [redacted] have been ordered and are expected every day.

Thirdly A cistern for the storing of soft water should be constructed under the stair landing of the pupils' entrance on the east side of the building. This cistern could be built of waterproof concrete at a cost of $40.00. The soft water would be obtained by connecting the eave-troughs to the cistern. This water would be used for domestic purposes. A small wash basin will have to be installed in the recreation room in the basement of the school in order to prevent the wasting of the soft water. The drainage of waste from this basin can be easily and economically installed owing to the high level of the basement floor above a ditch which passes through the school lot. The cost of the plumbing and drainage work would amount to $150.00.

As to the location of the seats in the school-room I beg to say that these appear to be in their right position. I would recommend that they be left as they are.

Your obedient servant,

[redacted]

Indian Affairs. (RG 10, Volume 6225, file 494-5, part 1)

January 22nd, 1910.

Sir,-

The Department has been informed that some alterations and changes were necessary at the Tyendinaga Eastern School. I have to request, therefore, that you will attend to the following works at your earliest convenience, and see that they are carried out in a satisfactory and economical manner along the lines suggested to you by Mr. Chene at the time of his visit to the school on the 8th instant in company with Chief John Walker.

Firstly. The foul air register which is located near the floor in the chimney of the class-room should be replaced by a larger one of the same width, 24" high. A new cold air intake with east-iron register and louvre of same dimension as that already in place on the west side of the class-room should be installed in the wall of the vestibule of the pupils' entrance and connected with a galvanized iron pipe to the furnace as was done for the above mentioned one.

Secondly. You may arrange for the building of a cistern under the stair landing of the pupils' entrance for the storing of soft water. This cistern should be built of water-proof concrete and be provided with a cut-out section cover lined with galvanized iron. The eavetroughs of the roof will have to be continued to the basement and connected to this cistern, which should be properly provided with a cast-iron overflow pipe.

Thirdly. A small cast-iron enamelled wash basin may be installed in the recreation room in the basement with suitable connections to the cistern and drain pipe.

Fourthly. The drainage system as directed by Mr. Chene for the draining of the school lot and the plumbing fixtures may be installed. Care should be taken that the system which will consist of a 4" vitrified tile pipe will not be easily liable to damage by frost, etc. It is not expected that any of the plumbing or drainage work will be liable to be carried out until the spring. The rest of the work, however, may be attended to at once under the same arrangements as were made for the erection of the building.

Your obedient servant,

J. H. (illegible), Esq.,
Indian Agent,
Belleville, Ont.

OTTAWA, June 10th, 1921.

Sir, -

Mr. Inspector Clarke, in his recent report on his inspection of the Eastern Tyendinaga school, states that the floor of the classroom was not cleanj in this connection he stated that the present caretaker was ill. It is considered, however, that this is no excuse for the condition of the floor. You will be good enough to see that the caretaker sweeps the school regularly, and has the floor scrubbed when required.

The Inspector also states that no notice has been taken of his report that the desks are not properly arranged. He states that it is injuring certain pupils to have high seats and low desks. You will be good enough to take this matter up with the teacher, and have the desks re-arranged to meet the requirements of the children.

You will be good enough to arrange to have the floor cleaned, and the desks re-arranged, in order that there will be no further complaints from the Inspector regarding these matters.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

OTTAWA, November 5th, 1921.

Sir, -

Mr. Inspector Clarke, in his recent report of his inspection of the Eastern Tyendinaga Indian Day School, draws our attention again to the unsatisfactory seating for some of the pupils.

I would draw your attention to our communication of June 10th, last, referring to this matter. You will be good enough to immediately take up this matter with the teacher and have the desks re-arranged to meet the requirements of the children.

The Inspector reports that there is a leak near the chimney that is ruining the wall, and that the coal chute should be looked to protect our property.

Will you look into these matters and report concerning the expenditure that would be required to make these improvements?

Extract from Inspector's Report on the Tyendinaga Eastern School, May 23, 1922.

570704

1.- It is too bad to build a new school and have no provision for bringing fresh air to the furnace. The only ventilation is by means of the windows.

2.- It is useless to refer again to the faulty arrangement of these desks but they are injuring the pupils.

3.- That leak is still in the roof although it was reported last fall.

4.- To ask children to drink from a single cup is highly unsanitary, but as I have reported this several times without result, it is useless to do so again.

5.- Why cannot these small matters receive attention?

DEPT. OF INDIAN AFFAIRS
AUG 8 1922

In referance to your letter of June 10th/22 and
spector Clarke,s report on the Eastren School seats I beg to
y that I have not mooved the seats yet as I was waiting for
ome one from the school branch to visite the Reserve as I was
told when I was at the Dept in May that Mr Sutherland would
visite thes Reserve over the building of Two new schools
but if their is no one comming I will have the seats rearranged
before school starts the first of Sept.

In referance to the leak in the roof I beg to say
that I have inspected the roof and am unable to find the leak
where they turn up, the only remedy I can see is to have the whol
roof tared or have the roof gone over with a prepration which is
nade for felt or paper roofing, if this meets with the aprovel
of the Dept I will have it done.

The Secretary,
DEpt of Indian Affairs

(1)

I have to acknowledge the receipt of your letter of the 20th instant, informing the Department that the fences at the Eastern school on the Tyendinaga reserve need repairing, and that new gate and posts are required, also that the school yard should be levelled and some large stones and bushes removed in order to make a playground for the children.

In reply I have to request that you will furnish an estimate of the cost of having this work done, also how you would propose that it should be carried out - whether by day labour or not. As soon as we have this information we will be in a position to authorise having the work done.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Extract for 34-2-5

Extract from Inspector's Report on the TYENDINAGA Eastern School, October 20, 1924.

Several windows are broken. If this is the duty of the caretaker why does he not attend to it? If it is not some one else should act for some of these have been broken for months.

Seven desks are still not fastened to the floor.

Outbuildings are full to the top. A child could not use them without becoming fouled with excrement. They should have been emptied long ago.

I suppose ther is no use referring to the water supply. Here there is a tank but no cover and the children dip into the tank. This is highly unsanitary but apparently no one else cares.

Extract for 34-2-5

EXTRACT FROM INSPECTOR'S REPORT ON THE TYENDINAGA EASTERN INDIAN DAY SCHOOL, JUNE 8, 1925.

These children still have to drink from a common cup. This is a good way to spread any contagious disease that may appear. I have repeatedly asked for individual cups that it seems useless to ask [illegible].

Outbuildings should be cleaned out more frequently and dust lime or ashes should be shaken into the boxes. While not as full as at the Central School are in such a state that the odor is terrible and I wonder that the children go to them at all. The dust would largely destroy this odour and to a degree prevent the refuse becoming the breeding place for millions of flies which will be the result under present conditions.

(Original on 34-1-5.)

Ottawa, August 15th, 1925.

Sir:

I have your letter of the 13th instant, reporting on the repairs that will be required to the Central, Eastern and Mission Schools on the Tyendinaga Reserve.

Regarding the Central School, you may arrange to have the broken siding on the girls' closet repaired, also the eave on the south side repaired. You should have this closet cut in a proper state of repair.

At the Eastern School, you should arrange to have a new floor laid in the front porch. We note that you estimate the cost to be approximately $7.

The stove at the Mission School should be repaired, and the cost of this work should not exceed approximately $5.

Please have the above repairs attended to before the schools open after the present holidays, and forward vouchers for each school separately covering the cost of the repairs.

Your obedient servant,

Sgd T. R. L. MacInnes

Re the Conditions at the Eastren School, I beg to say that this school is situated on the main Highway from Toronto to Montreal and the Toilets has been used by the Touris and if gates were put on and locked they would only foul the yard and I do not know what could be done to stop it, as I have looked the Toilets ,and conditions were worse and I told the Teacher to leave them open.

Their is only one way that the above situation can be over come and that is by the Department of Highways building Closets for the accomidation of the Touris upon the Highway.

Ottawa, July 13th, 1927.

Sir:

I have your letter of the 9th instant, enclosing an estimate of the cost of redecorating the walls and ceiling and painting the interior woodwork at the Eastern School on the Tyendinaga Reserve, and also the cost of the painting of the entrance doors and floors.

In reply I beg to say that you may arrange to have this work carried out during the present summer holidays. It is noted that the cost of redecorating the interior of the school will be approximately $64.10 and the painting of the entrance doors and floors $6. You may arrange with Shoe Brant to do the work, he to supply all material and labour for the amount of the estimate given by him. You should see that this work is satisfactorily completed, and you should forward properly certified vouchers, in duplicate, covering the cost.

The Department expects you to see that the work is completed before the school reopens after the present holidays.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.
